### HONOR OUR DIVERSITY

By Martijn Bakker

Several weeks ago I had the opportunity and the pleasure of being selected to judge for the International Mr. Leather Contest in Chicago. That "job" (what else can you say of 18 hours of concentrated work over two days!) gave me the realization, again, how we all, within the Leather Community, have different perceptions of how to live with LEATHER (or should we say FETISH) and what we actually expect to get out of our Leather lifestyle.

As I listened to the questions asked by my fellow judges and deliberated on the answers of each contestant, it was revealed to me how much work still needs to be done to defend our chosen lifestyle. It became even more evident how much we need to continue to educate each other as well as ourselves. You see, out there in places beyond the large Leather centers live many people who are deeply committed to this particular lifestyle and who are prepared to do all the hard work necessary to maintain and defend that lifestyle.

It was my perception during IML that any person who was willing to watch and listen during those four or five days of social and intimate interaction, had to make the realization that although the attraction to the "same sex" is the common factor for our lives to be connected, we are as diverse in living our lives as our heterosexual counterparts.

It is, therefore, even more important that DRUMMER Magazine reflect the myriad of lifestyles within our gay Leather/Fetish community. Perhaps it is not quite as important for those of us

living in cities with large, gay/Leather populations like San Francisco, New York or Berlin, but very important for those people who are living in other places where meeting like-minded Leatherfolk are few and far between. We, as one of the few magazines which represent the gay/Leather community as a whole, recognizes the need to reflect such diversity; to offer information and "experience" to those areas where the facets of our lifestyle are not readily available.

As the new publisher at Desmodus, Inc., I was approached and spent a great amount of time listening to people and their comments. It was amazing how many people have bought DRUMMER Magazine for the sole purpose of being connected to other Leathermen in the world and to be

aware of what was going on in the Leather community at large. As the world grows smaller because communications and travel becomes more extensive, we will be influenced, positively or negatively, by what happens not only at home but also world-wide.

While IML, IMsL and the Mr. Drummer Contest are "snapshots" of or a glimpse into the "state of our Leather community", it is important for DRUMMER to be like a "continuous mirror" of our readers and endeavor to show the different ways we like to live our lives.

You, as an attentive reader, will have noticed the gradual change of DRUMMER Magazine in the past few months. I hope you like the change of our covers and I hope you will be

regular readers, based on the contents within. We are not quite there yet. It will probably take a few more months before we at DRUMMER will tell you "This is it!" We are building up a network of foreign correspondents who will give you the world's "Leather Info". The search for exciting photography and hot fiction is in full swing. We want to hear from all parts of the USA and the world in order to fully represent who and what you have chosen to be as a Leather person.

DRUMMER Magazine has a very loyal readership and we thank you for your letters and comments. I assure you that we do listen to you. Also, a new breed of gay/Leatherfolk are coming out. Help us reach them so that they have the opportunity to join this strong, diverse community.

## MARINES VS NAVY

Dear Editor:

As usual ET3 Rick Jackson, USN's story of a hot Marine/Squid fuck story [*A Day At the Zoo, Drummer #163*] was not Ooh-Rah Semper Fi enough for this GYSGT!

I've had more sailors put their legs up in the air for my Marine tool than....!

Here **DRUMMER** goes again putting down the Marine Corps!

No wonder why so many leathermen think I like it up the ass when I'm in a leather bar; you publish some Squid fuck story. - Dam-

You don't live in San Diego, but why is it, sailors come to my base, M.C.R.D. (Marine Boot Camp), to cruise the studs who work out at the gym?-

Well it is because every swinging dick sailor knows the "hard dick Marine Corps" is better than the Navy and they take a hard dick Marine up their ass without saying Ooh-Rah!-

Yeh, Squids are a dime a dozen in San Diego.-

Now since the 12th Marine Corps Recruiting District is relocating from Treasure Island, SF, CA to San Diego, you won't see very many Marines!

I however do fly to the City

[*San Francisco*] on R&R.-

I sure would like to show this ET3 Rick Jackson, USN Squid some real prime Marine beef!

Semper Fi, Dudes -  
GYSGT-USMC  
San Diego, CA

P.S. The last two Squid/Marine fuck stories by Rick Jackson, have always displayed Marines getting fucked by their sister service Navy Squids!-

Well my dick did not even get hard, because, I work around Squid meat all day. It's true they are always trying to get Marines into their bed, but that's because Marines are the real men of the Naval Service! Ooh-Rah!!

EEEEEEEEEEEEEEEEEE

Dear Sirs:

As a member of the **Leather Fraternity**, I am enclosing some responses to **Drummer Classifieds**, for forwarding. All are stamped with number indicated in pencil as required.

[*Editor: Very Good! A+!*]

I find **Drummer Classifieds** have for the most part brought some great contacts and experiences with others sharing an intense lifestyle.

Thank you for providing our community with a vital lifeline and keep up your fine efforts. I look forward to each issue and updates in various aspects.

## Old News and New Sleaze

by Joseph W. Bean

even when bashers, baiters and bigots do not. So, no problem? You decide.

It is definitely old news, in a world awash with new magazines, to remind you of a newsletter that has been cranking out issues for many years: *The Journal of Sexual Liberty*. Still, it seems you need a reminder. "*The Journal*" is primarily a collection of clippings and comments from all the news media about what is going on in the whole gamut of sex, not just leathersex or gay sex, but all of it. The compiler/editor, Jerry Jansen, gives "*The Journal*" a slight bias, meaning he puts a bit more energy into exposing bigotry and idiocy around sex than into celebrating the exercise of liberty. This is a perfectly reasonable way of going about the thing though, don't you think? If something goes well, it is enough to mention it to one another and go on, knowing that the alternative press--including our gay papers and mags--will cover it. If something dangerous is happening or threatening to happen--something we need to do something about--that's what we may need to be told about by a renegade like Jerry.

I think everyone who has sex ought to be subscribing to and carefully reading *The Journal of Sexual Liberty*. If you don't, you won't even know what anti-sexual evil lurks in the corridors of Congress, or the Public Library, or your local Police Department. So, sit down now, pull out your check book, and write a check to The Committee To Preserve (Full name:

The Committee to Preserve Our Sexual and Civil Liberties, but the nickname is enough.) The first \$10.00 of your check will get you a full year of "*The Journal*", any additional dollars will help defray the costs of the work The Committee does (mostly letter writing campaigns, the publishing of the newsletter, and such. Send your check (and an encouraging note, as well) to The Committee To Preserve, P. O. Box 422385, San Francisco, CA 94142-2385.

### How Now New Mags...

*Steam* is a promising new title, with what might be a problem... but I imagine it will be successful and useful. So, you ought to be one of the first to know about it. This 7" by 8 1/2" (quarto, isn't it?) sized publication calls itself "*A Quarterly Journal For Men*", and it zeroes in very tightly on men who would be pleased to admit (at least to themselves) that they are sex-hounds. Features in the first issue include a piece on sex club door policies, listings of bathhouses and sex clubs, a celebration of favorite glory holes all across the US, and sex-seeker travel reviews of several cities. The problem, if there is one, is that the locations where sleazy gay pigs have sex are given in detail, meaning that people who don't belong there will have no trouble finding them for their unpleasant purposes. On the other hand, it always seems that pigs have trouble finding their troughs,

*Steam* is published and edited by **Drummer** super-model Scott "Spunk" O'Hara, and despite it's intention to support and facilitate sleaze, it is a classy mag with a sharp, clean look. *Steam* is published by PDA Press, Inc., Route 2, Box 1215, Cazenovia, WI 53924, at just \$17.00 for four issues.

*Tough Hide*, another newly arrived little mag, is more intentionally directed at you, as a leatherman. In fact, it is subtitled "*The Leather People's Magazine*." Considering that the premiere issue starts off with fiction by Cain Berlinger, cover art by The Hun, and additional art by Leon, you might think right away that *Tough Hide* is aiming to be a lot like **Drummer**. I think not. Even if the story "*Soaked*", written by someone identified only as Bobby is one you could just as easily have found in **Drummer**, it has a flavor of **Drummer** in another era, a time past. If the interview of Kay Hallanger (*celebrating her 50th birthday*) might also be something you could imagine finding in these pages, it seems to belong to yet another style of **Drummer**, one that might be imagined for the

future.

No, publisher Brett Sprang is not out to make a new **Drummer**, he's doing something that is entirely his own. Maybe, given a little time in the publishing business, he will start to do what his little (5 by 8) mag promises just by existing: Maybe it will begin to introduce us to new artists and writers, and to new ways of handling photo spreads and such. *Tough Hide* is just different enough to promise such things, and its survival clearly depends on delivering on that promise. Meantime, pick up a copy at a newsstand, or subscribe... it's hot enough to be well worth the price. Single copies sell for \$4, but be a good guy by sending an extra buck for postage. After you see #1, you'll probably want to go for it. The address is Brett Sprang, Tough Hide, P. O. Box 411086, Chicago, IL, 60641-1086.

### Metropolitan slave

Discipline - Obedience - Chastity

*Metropolitan Slave* is something entirely new, in a way. It's a newsletter for and about the urban sex slave. "Anybody can be a bottom," the publisher writes on page one of issue #2, "anybody can go into a back bathroom in a sleazy gay bar and suck dick or drink piss--does this make you a Metropolitan Slave? i think not." But it may well be the stuff a Metro Slave does while waiting to connect with a Metro Master, I suppose. Whatever! The newsletter is very

interesting, more than mildly entertaining, and--I have to believe--has a future. We can hope that in the future, the style of slavery described and referred to in the newsletter will broaden, but then that is very nearly inevitable.

*Metropolitan Slave* publisher John Birch is offering four issues for \$12.00. For that price, most of us can afford to risk it, which means giving Birch a chance to get the thing off the ground and make something really worthwhile out of it. The address is Selective Publishing, Inc., P. O. Box 4597, Oak Brook, IL 60522-4597.

### Videos, Too (Count 'Em, Two)

If there is any video producer who has been over-exposed in these pages (and I think there is not, of course), it is Bob Jones. But he just keeps putting out videos you could very well want to know about. This time, it's *Anal Wash*. Yep, an enema-related movie from the king of quick and dirty bondage/tickling flicks.

*Anal Wash* is a rather silly story--but aren't they all--about a guy who is visited by a cop because he has failed to turn down his stereo after being warned by neighbors. He has porn playing on the TV and is wearing a leather harness. This prompts the cop to wonder aloud if the guy is a fag or something. Our heroic porn-watching, noise-maker drops to his knees and begins to tongue the cops boots. From there the action and the story get less and less clearly related, but if you want to see shower water squirted up a guy's butt, and squirted out of it (*clean!*), you'll want to get a copy

of **Anal Wash**. The guys are decent looking, even hot in a young and clumsy sort of way. The scene is set in a completely believable apartment/pig sty. There's some interesting bondage involving workout equipment, and the cop uses leather restraints (*not handcuffs*) on our hero. Yeah, leathery water fans will like it all.

Here, though, is the video of the month: **Ball Bustin' Bill**, produced by The Ball Club. The first half to two-thirds of this video are head-spinningly hot... down right delicious stuff that you'll surely get off on even if you never thought of yourself as a person with a particular interest in balls. Here's a very partial list of the action: ball weight lifting, a guy sitting on his own balls, poking his own balls up his own ass, paddling his balls, stretching them with a 3-inch stretcher and a 2-inch stretcher at the same time, to get a total of seven inches to the bottom of the sack. And the hottest bit is about putting 100 clothespins on a scrotum. 100! On just the scrotum! What a sight. At this point, the action revs up further.

You still have hog-tied balls, balls stretched away from the body by leather laces, mummy-wrapped balls, beaten balls, and a scene involving loads and loads of cum collecting in a scum-bag. Then you move into the slower, but no less interesting action of the latter third of the tape. Here you get JO scenes with motorcycles, ball sack in a vise, cock sucking, ball to ball tug-

o-war, more weights, and a strange scene involving bungee cords and a trampoline... pullies... cum gobbling... more cum gobbling... more clothespins... and even a little squirt of piss at the end. Left my head spinning, just to mention **ONE** aching body part.

**Ball Bustin' Bill** is 65 minutes and is sold to non-members for \$55.00 in VHS. For Beta, Secam, or PAL, add \$7.00. Shipping is included for US orders, add \$10.00 for foreign shipping. And, regardless of where you order from,

you must include the obligatory statement that you are 21 or over and aware of the sexual nature of the tape you are ordering. Write: BC, P. O. Box 1501, Pomona, CA 91769.

**Cumming up in Drummedia:**  
**Testicles: The Ball Book; Lewd Conduct**, a collection of John Rowberry stories; **The Exchange**, by Robert Payne; more news of my book, **Leathersex**; and the return of **The Fort Lauderdale Eagle** to your Zeus-fed video screen.

## WHO SAYS BIGGER IS BETTER?

The debate continues...

Penis enlargement and penis lengthening (two different procedures and results) has continued to be "big business". A recent article in *Adam Film World* outlined a very interesting procedure called "The V-Method". Developed by an inventor/writer/audio & video producer named Eugene Geno Viscione, this unique method involves the application of vitamin E and mineral oil along with a series of patent-pending penile exercises. For anyone who is intrigued, Mr. Viscione has produced a 30-minute video detailing each step of this procedure. Originally developed as a possible treatment for Peyronie's disease (condition that causes penile curvature, scarring and ultimate shrinkage of the penis), the V-Method may be used to lengthen and enlarge one's own cock. For \$29.95 per tape and \$19.95 for the book you too can "test market" yet another way to auto-manipulate your way to new proportions! Contact:

## STEEL DUNGEON - Two

...The adventure continues!

*Steel Dungeon (One)* was Zeus Studio's best seller for 1992. Well, they're back with the next addition, *Steel Dungeon - Two*, which could prove to be even hotter, hornier, bigger, harder...(you get the picture!). Brian Dawson is back again as the sadistic Mill Master who is merciless to super hunks Trenton Comeaux, Devon Rexman, Marky Dukane and Jeff Burnam. It is greasy, grimy, sexy B&D at its best! Straining

muscles and insidious punishment abound!! Knowing producer/director Mikal Bales and his eye for excellence and hot fantasy action, you will not be disappointed. Look for a future review in our own "Drummedia".

## FINLANDIZATION VII IS OFF AND RUNNING

During the last weekend in July, MSC Finland is throwing their seventh annual event called **Finlandization**. Starting Friday, July 30TH, is their Military Camp with sauna and maneuvers on an island outside of Helsinki. An overnight is possible. Saturday consists of a city tram tour, dinner and a Leather disco party which will last well into the night. On Sunday there will be a day trip to Tallinn, Estonia for more sight-seeing on a high-speed ferry, lunch and ending with a farewell party in Helsinki. This is a terrific deal because Helsinki is considered about the least expensive city in Scandinavia. Also, summer in this beautiful country area is unsurpassed! ## CELEBRATING MEN OF THE PACIFIC

Coming up on August 15-22, 1993 will be the first-ever **Pacific International Conference on Men and Masculinity**. This will run concurrently with the tenth annual **Hawaii Men's Gathering**. Taking place at the Kalani Honua Institute for Cultural Studies

Conference Center on the Big Island of Hawaii, this gathering is for men whose common bond is their Pacific heritage. This year's theme is "The Voyager Returns".

In the last decade, many reputable scholars of this region and culture have reintroduced and supported the "aikani" (men who have sex with men) as a common and accepted aspect of the Pacific region. This social structure existed until Western missionaries invaded the islands with diseases that decimated island populations and established a morality that cloaked the natural sensuality of the islanders. The Conference/Gathering will provide a forum for men who are making important contributions in men's studies and the movement to improve men's health. The event affirms multiculturalism along with support for the self-determination of women, people of color and gays. Support for the event is coming from the Performing Arts Department of the University of Hawaii, Hilo campus, and the Hawaii State Foundation on Culture and the Arts, with funds from the Hawaii State Legislature and the National Endowment for the Arts.

On Sunday, the Conference/Gathering will culminate with *The Men Dancing* concert at 2PM.

# THE DISCIPLINING OF MONROE

PART 1

*by Cain Berlinger, illustration by Burton Clarke*

"Quiet down son. You do exactly as Daddy says and we'll keep this little game to ourselves, OK?" John Monroe was a big man who drank a lot. With him, drinking and violence went hand in hand. His wife and son were the unfortunate recipients of his lust as well as his brutality.

Although Brett had been abused for as long as he could remember, it was the night of his nineteenth birthday that stood out most vividly in his mind. He had been awake for hours, listening to his father heap verbal abuse on his mother. The yelling was frightening and the language was intense and vile. Brett clutched his blankets to him as he listened to the beatings night after night. The inevitable pounding, as his mother's body would hit the floor or bounce off the nearest wall. It frightened him terribly and further fueled his hatred toward his father. He pulled the covers over his head, reverting to childhood, as he attempted to drown out the anguished cries of his mother. It was often followed by her running down the hall and into the far bedroom, seeking safety behind the locked door as she latched it behind her. With a distance established between herself and her husband she couldn't have cared less about Brett once she herself was safe.

Brett listened to the approach of his father's heavy laden footsteps as they trod down the hall and paused outside of his son's bedroom. Brett prayed hard, hoping that his father wouldn't come in, wouldn't disturb him, wouldn't attempt to make him do things that in his heart he felt was wrong. When John was in this mood it was not unusual for him to heap abuse on Brett also, usually followed by a slap across the face, or a fist to the gut.

The door swung hesitantly open and Brett closed his eyes tightly, praying that his father would change his mind and leave him in one night of peace. John Monroe was too big to pray away, and the giant of a man shut the door behind him. He walked over and sat at the foot of Brett's bed. Brett lay perfectly still, as he pretended to be asleep. He listened to his father's heavy labored breathing. Despite his lean muscular build, Brett was afraid to breathe, afraid to give any indication that he was even alive. The past had taught him to never oppose his father.

John rubbed his hands over Brett's legs, through the covers. The light from the near window illuminated John's handsome yet ravaged face as he stared at his son's figure cowering under the covers. He rubbed both of his hands over the curves and muscle of the trembling hulk until his hands rested on Brett's buttocks.

Inside his head, John was a tortured man. He had married young to escape his abusive family. He himself had endured a childhood of abuse, verbal and sexual, by his alcoholic parents and older brother. For some reason he now felt compelled to continue the line. John saw nothing wrong with his actions, he had found a way to use brute force to solicit fear and what he hoped was respect, love and even affection. He beat his wife because he loved her. He convinced himself that his wife needed to feel his heavy hand, just to assure herself that he cared.

John stood up and quickly removed his clothing. Despite the years of guarded petting, he had patiently waited for his son to grow. He had watched hungrily as his son blossomed into the handsome young man he had become. Brett slid the covers down from his face and saw his father's hard naked body outlined in the dim light. John was a man in his forties who kept his body in good shape by hard construction work. His

cock was frightening to the adolescent, who had never seen a cock of such length and girth. To Brett it looked enormous, in reality it was an average size cock that John had pride in whenever he used it to cause others pain. John stood over the bed and pulled the covers slowly down off of Brett. The young athlete, the hot young stud at school, shivered under the covers as his wall of Jericho tumbled about him. John's heart beat excitedly as he crawled into the bed next to his son. He embraced Brett as carefully as he could, almost as if he were afraid that the boy would break, in so massive a pair of arms as John's. John's mouth went dry as his heart beat rapidly and the blood rushed through the

veins in his cock. He held his son in an embrace that slowly and steadily grew in its intensity. John lent himself over to his desire for his son, as he licked at the sweat above his lip.

Brett cowered under a cloak of fear and confusion. Normally his father would've hit him by now. Tonight John Monroe simply lay next to him crushing their bodies against one another, his hot breath on Brett's neck as he pressed his lips against Brett's face, kissing him tenderly then roughly. All the while his hands were working quickly at removing young Brett's underwear, until they both lay completely naked. Despite his fear, Brett's cock reluctantly responded to his father's gentle manipulation. Brett ignored the whiskey on his father's breath and kissed him back, eager to keep his dad happy but somehow feeling that what he was doing was encouraging a precedent that could never be taken back.

John's large hands were hard and callused against Brett's smooth young swimmer's body as it emerged into manhood. Yet the callused laborer's hands were strangely comforting to him. Brett pressed his backside against the rough bristly hairs that covered his father's crotch. John held his breath and pressed his cock against his son's tight rounded butt.

"You're a sweet boy. Loving and gentle; unlike your mother the bitch. I'm gonna make you Daddy's man, and tonight we're going to make a real life for you and me. One that only you and I can share." John took Brett's cock into his hand and stroked its burgeoning hardness. He pulled his son close to him and placed one hand over the boy's mouth. He spit into his free hand and rubbed the saliva over the head of his cock, slipping his finger into Brett's tiny puckered asshole. As he whispered gentle reassurances into his son's ear, he rubbed his own burning cockhead against Brett's

hot skin. Despite the excitement of sharing a secret with his Daddy, Brett was afraid. His body stiffened against the good feeling in his cock and the hardness being pressed against his buttocks. With his father's hand held tightly over his mouth, he found it impossible not to want to lick the stubby fingers that traced over the fullness of his mouth.

John pushed his cock in slowly at first, then thrust himself roughly into his son. John's huge hand covered Brett's mouth, preventing the boy's painful cries from being heard. He fought and struggled to free himself from his father's strong arms but was helpless. The powerful assault continued, thrusting deeper into his body, tearing Brett's asshole apart. Brett bit his lip to stop from screaming until blood trickled sweetly over his lips. A searing relevance of pain, that he would eventually get used to. The assault continued on into the night. Whenever Brett thought it was over, his father would start pounding him again until with a moan and shudder he would shoot his drunken load into Brett, pass out and wake up and start again. It was early morning when John crawled over his son and took the boy's penis into his mouth.

Brett hated his father but couldn't deny the warm feeling that coursed through his body while his stiff prick rested inside his father's mouth. He had heard about this kind of thing at school and the dirty jokes that followed. Was his father 'queer' or a 'faggot'? Brett didn't want him to stop. This was so much better than the painful fucking he had endured most of the night.

John licked and sucked at Brett's hard cock. He sighed deep within himself; he was enjoying his son as his own father had so often enjoyed him. Brett couldn't help himself as he pushed his father's head down on him, forcing his cock deeper into his dad's mouth. Eventually his excitement grew until he felt waves of contentment wash over him. The petting with high school girls in the back seat of his father's car were nothing like the rush of pleasure he was experiencing now. Unfamiliar with the feeling he lay back and listened to the groans of his father.

John swallowed the milk and creamy taste of his son, and continued to lick at the boy's piss head until he was sure he had drained his son completely.

"Next it'll be my turn. Right now you get some sleep for school. And Brett I don't have to tell you to keep this between you and me. You know what will happen if you tell, don't you?" As John quietly dressed, his son sat on the edge of the bed, his heart filled with rage and betrayal at the beautiful man he had loved all of his life.

"I will have to kill you, that is if anyone believes you." John held his son's face in his hands and kissed the boy's frightened mouth. Brett could taste of himself through he stale Jack Daniel's as his father's mouth brushed against his own. John left the room and closed the door silently behind him. Brett sat still at the edge of the bed with his face cupped in his hands as the morning sun broke through the sheer curtains flooding his nightmare with light. He quickly gathered together his soiled bed linens and hid them under his bed. He would be sure to wash them later.

As the weeks turned into months, his mother hardly spoke to him anymore or even looked him directly in the eye. Eventually he became aware that she knew what was going on but neither said nor did anything. His resentment of her gradually turned into something much more vile. He cursed her for giving in to her fear of John, to the detriment of her son. How could she claim to have loved him and let this horror continue

under her nose? He could almost understand her lack of self esteem and her refusal to fight back. However she was his mother, she owed him her protection and she had failed him. Despite his past love for her he knew in his heart that he would never forgive or trust her again. In her defense, when John's attention's turned to his son he beat her with less frequency.

A year had passed since that first night when his father had brutally taken his virginity. He had since that time become used to the assaults. They had become more frequent when his mother was away. She now spent weekends away with her sister in the country. She guiltily avoided his eyes as she quickly packed her one suitcase and boarded the taxi to the train station. Brett assured himself that she knew what went on in the house in her absence. As long as she stayed away from the house, she stayed away from John and any pain he might have been able to cause her. Once again sacrificing her son for her own safety seemed to be her only priority.

With his mother gone, John forced Brett to walk around the house naked, while John himself wore only a pair of torn jeans. Without provocation, John would often take off his belt and beat Brett repeatedly over his butt and back until Brett's flesh was cruelly criss- crossed with painful sometimes bloody welts. Taking out his cock he would force his son to his knees. Despite the gangly height of his son, he would hold his head steady while violently fucking his face. Brett fought for breath, while his father relentlessly assaulted him until it ended with John's hot cum exploding over his face and into his throat. It was only when he drank, that he would spread Brett on the floor and roughly take him from behind. The weekend binges were now a regular in Brett's life. Brett would clutch the rug in misery as his father's cock bore into him, pressing against the welts caused by the recent beating. Brett swore to himself that he could stand the sexual attacks as often as his father wanted him. It was the habitual beatings that bothered him. At college he had to give up swim practice and resign from his swimming team. He was afraid that others would see the bruises and welts that covered his back and buttocks. It was during those times that the shame of his existence overwhelmed him and he found it hard to forgive his father.

One Saturday afternoon Brett stood in the shower under the cool spray of water, attempting to soothe the soreness and burn of his flesh. His entire body ached. John had been especially brutal that day. He had beaten his son heavily with the leather strap until blood trickled over Brett's ass. Then he had raped him repeatedly until he rolled over onto the floor exhausted. Brett crawled away from his father and sought relief and sanctuary on the cool tiles of the bathroom floor. John stood in the doorway of the bathroom and watched his son as Brett spread soap over his young body, the taut erect nipples that further accentuated his development into a young man. Only when he was sober did John regret the force he had used in raping his son, but he told himself he was not responsible for the passion his son aroused in him. Just as he had not been responsible for the passion he had aroused in his own father.

"I want to bring some of my buddies over in awhile." John watched his son as he leaned over to adjust the water faucets. The spread of the boy's ass was delicious, his legs were long, his young cock was juicy. John enjoyed the ardent tingling he got in his crotch every time he watched his son. It pained him when he thought of the pain he was causing his son. It made him think of the tragedy of his own youth at the hands of his father. The anguish would swell up inside him and turn to anger and finally helplessness at being unable to stop what he was doing. To end the anger and pain, he would transfer those feelings to his son, and the cycle would start again. Somehow the years and sharing of his pain had softened his stand toward his father. He could almost understand his old man, even sympathize but he could never forgive him and the brutal attacks he had endured. He hadn't seen or

heard from his own father in years. He didn't know whether the man was dead or alive, and he didn't care. Would Brett feel that way about him? Did he feel that way now? When he held his son to him, they kissed like lovers. It wasn't always about sex. John loved his son, but hated what their relationship had become. Passion masked with anger and submission and force.

"Did you hear me? I said I'm bringing some of my buddies over today." Brett stepped out of the shower. As he dried his body off he blanched against the bruises on his back. He looked at the scars as kind of a Rite of Passage. Somehow he felt more alive, more the survivor for having them. A real man, was what he felt like. He dried his dark brown hair, rubbing furiously.

"Do you want me to get lost or something?" John had never brought anyone over before. What could it mean?

"Oh no, I want you here especially." John laughed as he slammed the door behind him. Brett stood dripping and confused in the middle of the bathroom.

Later that morning, John and two of his drinking buddies partied in the living room. Their crude jokes and raucous laughter grew as the hours passed. John had instructed Brett to stay in his room and not to come out until he came for him. Brett watched television till early afternoon, while the men drank and partied downstairs. Soon he heard his father call up to him.

"Hey Brett! Get down here, son. I got some friends I want you to meet." John was drunk, and alcohol had slurred his speech. That could only mean bad news to Brett. He slipped on his jeans and sneakers and ran down to join his dad and his buddies.

"This pretty stud is my son" John boasted proudly as he placed his arms across Brett's tightened shoulders.

"Yeah, you were right, he is pretty. Gotta nice mouth too." The man called Vinny replied as he weaved back and forth in front of Brett. Then his hands

reached unsteadily toward Brett. Brett pulled back in fear and loathing as the man's thick fingers attempted to trace the outline of Brett's lips.

"Hey!" His dad laughed and pushed him toward the man.

"Hey Brett, be sociable, we raised you better 'n that. This is Vinny and he ain't gonna hurt ya, are ya Vinny?" Vinny reached out again, this time Brett didn't pull away but a feeling of unease crept over him.

"He sure is a lot prettier than that scag wife of yours, John" The other man was as big as John, only blonder, but just as drunk.

"I'm Stan, I hear you and your dad are real close. Do ya wanna get close to me?" The man stood next to Vinny, and pulled a five dollar bill out of his wallet.

"Hey put that away, he don't get it. I do. Besides, I promised you the first time free." John laughed and playfully punched his pal's arm. Brett quickly caught on. In a moment of rage he understood that his father's intentions were to share him with his drunken friends. He had become Daddy's whore. John leaned over and whispered into his son's ear.

"This is gonna be fun, son. We're buddies ain't we? Well Stan and Vinny are friends of mine and I promised them a good time. Be a good boy and show 'em how you and your dad have good times." Brett turned around in time to see Stan unzipping his pants. In moments he was waving his big cock in Brett's face. His dad had sold him out, wanted to prostitute him. Suddenly he understood that his dad wasn't his buddy at all. All that violence wasn't love. John didn't give a shit about him except to use him and hurt him.

"No." He stepped away from his father just as John's hand struck him hard across his face.

"You don't dare disobey me." John stepped closer to Brett and knocked him to the floor. Brett crawled backwards, backing himself into a corner. In an instant he raised his leg as hard as he could, kicking John square in the balls. Fearfully he dodged around his father, who was gripping his balls in pain.

"Little son of a bitch! I'll kill you." The rage in John's voice filled the room as his friends looked on laughingly. Brett ran through the room and out the front door. John screamed at his buddies, as he struggled to his feet.

"Stop the little bastard!" John yelled as he limped to the open front door in time to see Brett disappear down the street and around the corner. He closed the door and slumped defeated against it. He cursed the boy's strength. He wished he had been as defiant with his father. He was suddenly aware that he had pushed too far; he was certain he would never see his son again.

Brett ran until he thought that his lungs were going to burst. He didn't dare stop until he was sure he had put some distance between himself and his bastard father. He had a few dollars in his pocket, enough to buy a ticket into the city.

New York City was big and dirty and exciting. He was from the suburbs and his only contact with the city had been through newspapers and television. He wandered up and down the mean streets, looking into store windows. He could feel the energy of the city pulsing through his body. He suddenly realized that all his life he had been eager for not so much an escape as an adventure. He walked along busy Broadway only vaguely aware of the eyes that watched and followed him. Paying Johns, cruising the streets, saw him as a fresh new conquest while the standing hustlers ignored him as possible new competition.

"Hello, you must be new here. You lost?" The man was in his fifties, handsome and well dressed. He had been following Brett for the last hour. When Brett stopped in front of a men's clothing store the man had suddenly

found the courage to approach the wayward youth.

"My name's O'Connor, Paul O'Connor. You look tired. Are you alone?" He could hardly restrain the excitement in his voice. The boy was even more beautiful up close. He was sure that he couldn't be more than eighteen. As Brett looked the gentleman up and down he heard the echo of excitement that had rung so often in his father's voice. By now he could recognize sexual intent in a voice. Body language was also a good detector. Some things never change, especially when it came to matters of sex and desire, and young men.

"I'm Brett...uh Reeves. I kind of lost my wallet and stuff." Brett thought about the offered fiver from his dad's friend and wished he had taken it. Remembering the incident had given him an idea. "Do you think I could get five dollars?" Brett felt awkward asking the man for money and immediately regretted it as soon as he said it. The man smiled at him and placed his arm across Brett's shoulder.

"I'll tell you what, Brett Reeves. Why don't you let me take you to my place? I have some steaks in the refrigerator. And then we can talk." Paul squeezed Brett's shoulder and led the way down Broadway, and over to the West Side where he lived.

Arriving at Paul's apartment, Brett had never seen such a large space. It was bigger than the house he had shared with his parents. He shook the memory from his thoughts, because he knew he could never return home again even if this man ended up calling the police on him. The duplex apartment was hi-tech gray steel and chrome. Abstract art all along the walls, furniture was tasteful and functional.

"Cool place, man. Awesome!" Brett enviously eyed the enormous cabinet filled with tapes and CD's. The old guy had all the latest techno and rock record-

ings. Obviously the man was a lot cooler than his dad, who hated any new music. Paul busied himself in the kitchen. He could see that Brett was no ordinary street kid. He lacked street savvy and was obviously awkward and nervous. It seemed apparent that he had never been alone with a strange man before. He was most likely a fresh runaway. Providence had sent him straight into Paul's arms and there he would stay.

"Dinner will be ready soon. Would you like some white wine or a beer?" Brett had never had any kind of alcoholic beverage before, unless you counted the beers he shared with teammates on those rare occasions he was allowed out at night. Considering the sudden turn his life had taken, he felt entitled to treat himself to something different. Remembering the effects that beer had on his dad, he opted for wine. Paul brought him wine in a crystal wine glass. Together they selected some new age artists for the stereo and sat together on the large industrial gray couch.

"Well. Welcome to my apartment. Do you like it?" Paul leaned back against the sofa and unbuttoned his shirt. He rubbed his hand over his broad chest of silver gray hair. He slipped off his shoes and put his feet up on the coffee table, his legs spread apart and his crotch pushed his bulging manhood forward.

"You've got a really cool place here. I like your CD collection. You live here alone?" Brett felt uncomfortable in his dirty jeans and shirt. He had been on the street since late afternoon and he was beginning to stink a little.

"Yes, I do live here alone. You seem to be a little tense. Perhaps a bath would help you to relax a little. Would you like to take a bath before dinner?" Paul got up from the sofa and beckoned for Brett to follow him. They climbed the stairs of the duplex and Paul led him into the large gray marble bathroom.

"Please don't feel shy." Paul leaned over and adjusted the water as it poured into the rectangular tub.

"It doubles as a Jacuzzi you know. If you really want I will show you." Paul sprinkled bath salts into the tub and started to undress.

"I'm sorry, do you mind if I bathe with you? I'm kinda mucky myself. Despite the size of the place there is only one bathtub. But it is big enough for the both of us." Paul removed his shirt and undid his pants. He was in remarkably good shape for a man of his age. Paul seemed to read Brett's thoughts.

"I try to hit the tennis courts daily. I've been a tennis buff since I was around

your age. I've always tried to keep myself in shape. How old are you anyway?" Brett slowly unbuttoned his jeans. Paul was not only in good shape but his cock was larger than Brett's father. He knew right away that he was facing a challenge in the form of that swinging sausage.

"I'm uh...twenty two. I know I look younger but I'll be twenty three in a couple of months." Paul laughed at the clumsy lie but decided not to pursue it, at least not just yet. He watched as Brett unbuttoned his shirt and removed it. Paul was startled to see the bruises and welts on Brett's back. Suddenly he could pretty well figure out the rest. He would say nothing, for now, but would wait for the right moment when the bruises would provide him with just the right opening that he might need for later.

Brett's welts and bruises did not distract from his youth and fragile beauty. His fine rounded buttocks and slender penis swung innocently between his legs as he climbed alongside Paul into the tub.

"You know Brett, I live here alone and I also work here. I have a studio downtown. I'm a busy photographer. I could use a good model to sit for me sometime. Most important though is my need for someone to help me out here around the house. Kind of a live in houseboy. I'll pay room and board and some pocket change. Maybe you know someone who could take the position?" Paul dived beneath the surface of the water letting the water soak into his steel gray hair. He emerged within seconds coughing and sputtering.

"Well I maybe... I mean I don't have any experience." Brett couldn't believe his luck. If he could convince this old guy he was responsible, all his troubles would be over.

"Brett let's stop the bullshit. I think I know a little about you. We can help each other. I need someone to help me out. You need a place to stay and money, am I right?" Paul rubbed a soapy sponge gently over Brett's back, ignoring the gasps of discomfort as he rubbed the sponge over the fresh wounds.

"I don't know what your talking about...O.K. maybe. Yes I do need a place to crash. I don't know if I can say yes now." Brett felt uncomfortable of the rapid way Paul seemed to want to take over and assume charge of his life.

"Perhaps I am rushing this. Think about it over dinner. Right now let's just relax." Paul leaned against the edge of the tub and let the hot Jacuzzi bubbles sparkle and break against his skin. In his hunger, he had pushed and now he felt he had to pull back just a little. He had no

doubts however that Brett would remain with him. As they towed each other off under the heat of the sun lamp, Paul acted as though he suddenly noticed the bruises on Brett.

"God, boy you're pretty messed up. Were you in some kind of fight? Come with me I have just the thing to make it all better." Paul led the warm and naked Brett into the bedroom and indicated exactly where on the bed he should lie down. From a cupboard he pulled out a bottle of soothing herbal lotion. He rubbed the liquid over his palms to warm it before application. He gently spread the lotion over Brett's back. Brett sighed and immediately relaxed under Paul's strong hands. The aromatic lotion calmed him and he suddenly felt very tired as Paul's hands worked wonders, relieving the tightness in his sore muscles. Paul closed his eyes and concentrated on the feel of Brett's sensuously provocative body. For now it would be enough to touch him in secret places, anticipation would keep his libido high. Brett allowed him the familiarity of his body. He urged Paul to explore him, to know his essence. The tender fondling of his muscles, and the sweet smell of oil, lulled Brett into a deep comforting sleep. With one hand Paul fondled the sleeping man's buttocks while stroking his own cock. Faster and faster he beat his cock until he discharged his seed into his towel thrown across the satin bedspread. Quietly he got up and returned to the bathroom. Downstairs the steaks sizzled over the grill; black charcoal steaks. Paul dropped them into the disposal, the loss not even noticed.

The next morning Brett sat at the breakfast table in one of Paul's robes. He hungrily wolfed down the eggs and bacon, and made short work of the pancakes.

"A little hungry are we?" Paul laughed as he heaped more eggs on the boy's plate.

"I assume you have accepted my offer?" Paul sipped his coffee and munched his toast. Anticipation had replaced his appetite.

"I guess you already know the answer to that." Brett spread more jam on his toast and swallowed his orange juice in large gulps.

"Excellent. Then as of this moment you are in my employ and this house is as much yours as mine." Paul reached across to shake the bewildered boy's hand.

"Now that you work for me I must know the truth. Your family situation please." Brett put down his toast and

looked at Paul's face wondering if he should tell the truth now or ever.

"Look I just started college. My mom and dad...it doesn't matter. I'm a runaway that they don't want. You saw my back, I'm an abused kid. Don't let my age fool you. Do you want to know more?" Brett felt like crying although he couldn't say why. Paul walked over to where Brett was sitting and started rubbing the young man's shoulders, careful not to offend the bruises.

"Today we will go shopping for some suitable clothes for you. But right now I think we should go back to bed." Paul led Brett back upstairs to the bedroom, where together they shed their robes and tumbled against one another as they rolled over the bed.

Paul's physical perfection and handsome dominance, reminded Brett very much of his father. Although he hated thinking of his dad, he couldn't help himself. Although the differences were there, they were extremely subtle. Paul kissed the young body eagerly and hungrily. He wanted only to taste and enjoy the feel of this young battered man in his arms. This kind of cruelty was alien to Paul. He would never understand how anyone would abuse their own flesh and blood. He meant to convey his paternal feelings toward Brett. That would come later. For now he just wanted to make love to the young man as passionately and nurturing as he could, he wanted very much to gain the young man's trust.

Brett caressed the huge cock, stroking and fondling it until it grew large and firm in his hands. As he licked the head of Paul's cock, he worked his mouth up and down the shaft as his father had taught him. His mouth dripped saliva over Paul's ballsac until they gleamed with his spit. He took Paul's cock into his mouth stretching as wide as his jaw would go. Only half of Paul's cock was able to make the trip into Brett's talented but inadequate throat. Paul groaned delightfully as the small warm mouth covered his cockhead. The youthful hands stroked his cock back and forth bringing him closer to heaven.

Brett turned his body around so that his cock hung temptingly over Paul's face while he sucked on the older man's cock. Paul took the bait. His mouth totally covered the boy's tender and firm young cock. His lips slid up and down the smooth shaft. He used its hardness as an encouragement to continue. Above his face he watched the sweet, white ass pump up and down over his face. The sweet pucker of its hairless asshole remained just deliciously out of reach. He moistened his finger and probed inside the boy's butthole. Brett sighed deeply as Paul's heavily veined cock filled his mouth, brushing against his throat. Paul's finger slipped easily into Brett's ass. The tiny sphincter closed tightly around his finger. He moved his finger in and out of Brett, as he waited to replace the finger with his tongue. Abruptly Brett sat up, lowering his plump buttocks over Paul's face. He felt the sensation of Paul's tongue as the older man plunged deeply inside his hairless tight hole.

Paul reached up and spread Brett's cheeks apart, giving him a complete view and unimpeded path to the tiny pink entrance. He felt the warmth and tasted the sweetness of Brett's ravished asshole. Brett leaned backward and settled his ass comfortably on Paul's face, content to use him as a cushion. He rotated his hips, feeling Paul's tongue deep inside him licking and tugging at his tender hole. His father had never treated him

with such tenderness and he was unsure as to how he should react. He reached over his shoulder and pressed his fingers against a healing bruise. The ache reminded him of his father and the brutal sex they had shared. Suddenly he wished Paul was less restrained, less gentle.

Paul lifted the boy off of his face and lay him spread eagle across the bed. Brett gripped the side of the bed and waited for the oh so familiar attack on his tender butt. But it didn't come. Paul continued to be as gentle and as loving as he had been before. Despite the thickness of his manhood, he had thoroughly saturated Brett's asshole until his huge manpole slipped easily inside him. Brett felt the burn inside his guts, the full feeling. He waited for the pain and humiliation that usually accompanied the act of fucking. By the time he realized that it wasn't going to be that way, he had relaxed into the sheer pleasure of giving himself over to an older more experienced and gentle man. It was a revelation that surprised and disappointed him. Despite the great feeling that surrounded him, he admitted that deep down he missed the wanton brutality and felt sick inside for wanting it so badly.

Using his arms for support, Paul leaned over Brett, and continued easing his cock gently in and out of the yielding body that lay prostrate before him. He pushed until his flesh pole disappeared into the quivering pink flesh. It had been a long time since he had felt the tightness of such a young smooth asshole. He was careful to be kind and not too brutal. Everything in him wanted to grab hold of Brett's hair, yank violently and plunge ruthlessly into him, making him scream for mercy as his butt rotated helplessly beneath him. He studied the welts over Brett's back and it excited him to see the purplish welts over Brett's body. He had rescued Brett from his brutish father. It wouldn't have been fair to submit him again to that kind of life, although Paul was curious to know what it was like to have that kind of control over another person. By the time Paul pulled his cock out of Brett, Brett was sore and exhausted. He never knew anyone could or even wanted to fuck him for so long. He had shot his man size load at least three times while waiting for Paul to finish. The entire experience had been like riding a roller coaster.

For several months Brett and Paul

**DRUMMER /165**

were inseparable. They worked close together and Paul taught Brett a lot about photography. After several weeks of studying camera angles, Brett became more and more comfortable in front of the camera. They worked for weeks on perfecting his portfolio until Brett felt confident enough to go on rounds. They still made love three or four times a day, with Paul being as gentle as always.

One afternoon, having no appointments, Brett left the studio early. It had now been a year since he had left home and moved in with Paul, and had achieved moderate success as a model and commercial actor. Yet he missed his dad and couldn't understand why. He undressed completely and stood in front of the floor length mirror and studied the adult contours of his body. The bruises had long since faded, he felt strangely naked without them. He slapped his arms a few times until there were red hand prints on his alabaster skin. He missed the color of the bruises and the ache that had become so familiar to him whenever he touched himself. Today was his twenty-first birthday and Paul had already hinted at a major surprise. He couldn't imagine what it was. Paul had treated him pretty much as his own son for the past year. He turned as he heard the door open behind him. It was Paul.

"Happy Birthday Brett. I think I have something that you might have wanted for a year. Well here." Paul wrapped his arms around Brett as he presented him with a gift wrapped box. Brett accepted the box and quickly tore the paper off. Wrapped in delicate tissue paper was a black leather studded paddle.

"Is this some kind of joke?" Brett threw the paddle across the room and ran into the bedroom. Paul picked it up from the floor and tested the grip, as he followed Brett into the bedroom. Brett lay sobbing across the bed with tears streaming down his face.

"How did you know? How could you have guessed? I was very careful not to..." Brett flung his arms over his eyes as his sobs shook his entire body.

"I wasn't so sure before. But I watched you as you studied your body daily until the bruises were gone, I could feel you missing something. I could never replace your dad nor would I want to. But I can make an effort to give you what you want." Paul slapped his hand firmly on Brett's flat belly. He amazed himself at how breathless he became when confronted with Brett's beauty.

"You don't think I'm sick or perverted or anything? Because I think that I miss...this?" Brett reached out and took

the paddle from Paul as he fingered the tiny studs.

"I love you Brett, you must know this. I want only what you want to keep you happy. Paul stood up and undressed, his cock already hard and ready. Paul would not tell Brett that he had wanted this for a long time as well. He had only recently gotten up the nerve to purchase the paddle and present it to Brett.

Paul took the boy's face in his hands and kissed him on the mouth. His lips lingered longingly until he was sure that Brett was relaxed enough to continue, horny enough to want it all. Paul sat in the stiff backed wooden chair, his balls hanging limply between his legs, as his cock hung lazily over them. He whacked the paddle against his palm. Brett approached the chair cautiously, afraid that he might be wrong about everything. He leaned across Paul's lap and felt the comforting throb of Paul's cock against his stomach. Paul whacked the plump little butt softly, not to much pressure behind it. He slowly built up the intensity as sweat broke out across his forehead and the moisture built up inside his palms. Brett's cock was hard and he felt the stinging assault of the paddle as it bruised his bottom. Brett closed his eyes, he hadn't been wrong. He missed the pain and subtle pleasure that accompanied the beating, followed by a ceaseless ache. He knew that he would feel this beating throughout the night and into the next day. He whimpered softly, the sounds of a small boy who had been punished for one bad deed too many. Paul admitted that he loved the feel of the quivering body that responded to his assault. They had wasted a year and now had so much time to make up for.

Brett's butt stung painfully and was hot to touch, yet he felt good. Paul pushed his cock far up the punished butthole, he felt the heat of the burning cheeks pressed hard against his crotch and thighs. This time he followed his instinct and plowed viciously into Brett until he felt the boy quiver in pain and anguish. He stuck his cock as far up Brett's ass as it would go. Brett had waited a year for this and at long last his birthday had finally become cause for celebration.

The next few months were a sexual challenge for Paul and Brett as they both discovered the joys of sad-masochistic sex. Together they experienced the differences between paddles and whips and leather belts. Now that bruises were an important part of Brett's life he had to limit his modeling assignments. Beach wear ads were out. Paul had not quite gotten over the fact that at the age of fifty-seven he had become a Daddy to one of New York's most beautiful male models. As time and passion increased he became more and more possessive of Brett. Paul felt very paternal toward Brett. He loved the boy more than ever, and wasn't about to let him go astray. Brett found himself thinking more of his natural father than ever before. He thought of calling home, but every time he would dial the number he would hang up before the second ring.

On the eve of his twenty-second birthday, Brett rode his new Honda Shadow 1100 (a gift from Paul) to his old neighborhood. He passed his house three times before he had the nerve to pull up in the drive. The small well cared for house was as exactly as he had remembered it. He turned off the engine and dismounted. He held his helmet in both hands, still undecided whether he should ring the bell. Did his mother still live there? Would his father still be there? What if they had both moved or died. Suddenly he regretted having not contacted them in all this time, but regretted even more having returned to the origin of all his anxieties. He walked up the walkway and climbed the few steps to the door. He rang the bell and waited, every inch of him wanting to turn and run. He had no idea what he was going to say to whoever answered the door. He heard the familiar footsteps approaching the door. He suddenly felt very small. The door swung open and there stood his father. For a moment they stared at each other. It had been two years and his father looked as big and handsome as ever with that subtle touch of menace. # DESTINATION: SAN FRANCISCO

By Marcus-Jay Wonacott

The S.F. Eagle

**W**hen one thinks of San Francisco, many different images come to mind. Cable cars, fog, hills, earthquakes.....you get the picture! Many different names have been given to this very unique area as well. Frisco (*UGH!!*), the Golden Gate, Haight/Ashbury, Baghdad By the Bay, a Gay Ghetto. The list goes on. The popularity of "The City" is almost unsurpassed among the major tourist cities of the world, such as New York, Paris and Berlin.

What is it that brings so many people to this place? The charm? Food? Weather? Maybe. It could also be the diversity of individuals who venture here to experience the freedom of expression. For decades, lesbians and gay men have left the remoteness and stifled atmosphere of small, home town living to relocate in a city known for the acceptance of individual freedom. Now don't get me wrong, there is a lot of work yet

to be done regarding bigotry in San Francisco. However, in comparison to many other locales, there is a niche for just about anyone and just about any kind of "kink".

The Leather Community has grown and thrived here for about as long as there has been gays renovating old "Victorians"! As we move into the second

"Gay Nineties", you will find a wide variety of Leather hang-outs complete with every kind of Leatherman one could imagine. On a weekly basis, there is enough related Leather/SM activity to

The Jackhammer

The Headquarters

"almost" satiate even the most hardcore. But wait, there's more!! Products and businesses catering specifically to the Leather Community are thriving.

Arriving in San Francisco, one of the first questions asked is "Where do the Leathermen go?" Well, given any particular night (or day) of the week could dictate the direction you go. **THE EAGLE**, located at the corner of 12TH and Harrison is an excellent starting point. Sunday

afternoons from 3PM to 6PM will find the patio "packed" with hundreds of men varying in size and persuasion for the weekly beer bust. **THE EAGLE** on Friday and Saturday nights are also good for some heavy cruising plus their house DJ plays a lot of boot-tappin' music.

Two short blocks down Harrison between 9TH and 10TH is the **LONE STAR SALOON**. If large, hairy, burly, cigar smokin' men are your passion, then go no further! This very popular watering hole attracts guys that range from "cubs all the way to grizzly bears"! Weekends are especially good for "trapping".

Another great bar to play pool, pinball, cruise or whatever, is **COCKTAILS/THE PIT** at the corner of 9TH and Howard Streets. Evenings pull in a hefty group of Leather/Levi men who usually are looking for some action. Downstairs in **THE PIT**, the DJ plays

some terrific dance music and the atmosphere can get very sweaty and sleazy! Let's just say the clothing peels off quickly!!

Over on Folsom Street between 7TH and

Castro Station

Castro Country Club

9TH Streets are the **WATERING HOLE SALOON** and **MY PLACE**. The **WATERING HOLE** draws quite a collection of Leather/Levi men and is the sponsor of the "Bare Buns Contest" happening on many a Thursday night. Great bar atmosphere! Just up the street, **MY PLACE** can be very cruisy where one may find a very "nasty" companion for the evening. Check it out.

One of The City's newest Leather bars is **THE JACKHAMMER**. Located at 16TH and Sanchez, it isn't exactly in The Castro District or South of Market but, man, do they bring in a hot Leather crowd! Advertised as "*The Working Man's Bar*", almost any night of the week you can find a great selection of Leathermen to spend some time with. There is a large bar in front as well as a darker, more intimate bar in back. I also have to say the bartenders here are worth the visit!! Say hello to John, Tim and Marco when you go.

Traditionally, The Castro District has not been known for catering to Leatherfolk, but in the last couple of years several bars have opened up that offer a conducive "Leather" environment. On Castro Street just down from the Castro Theater is **THE HEADQUARTERS**. Their "uniform" atmosphere and hot, masculine bartenders seem to bring in a good Leather crowd. They are staunch supporters of local and international leather

an early (or late) stop off in the course of bar hopping. Open from 6AM to 2AM.

Around the corner on 18TH Street is **THE EDGE** and **BADLANDS**, both places being Leather/Levi positive.

Also, for those Leathermen who don't drink alcohol, the **CASTRO COUNTRY CLUB** on 18TH is a viable alternative. Many a "negotiation" for SM action has taken place on the front stairs or on the back patio!

OH-OH! You've unpacked and discovered you forgot that favorite play toy, body jewelry or piece of Leather clothing. Well, you are in luck! San Francisco's Leather/Jewelry outlets are some of the best in the world!

Of course, I would not pass up the opportunity to promote our own line of international leather items through **RoB OF SAN FRANCISCO**. 22 Shotwell is the shop locale where an eager and knowledgeable staff will gladly show you fine leathers imported from Amsterdam and a vast selection of latex shipped direct

RoB of San Francisco

Mr. S. Leather

from London. They also have a huge array of sex toys, SM / bondage videos and a gallery of erotic art which is for sale. If you are looking for

past issues of *Drummer*, *MACH*, *DungeonMaster*, *Tough Customers* or *Sandmutoria Guardian*, an ample stock is still available. Come on by and pick up a current copy of the **RoB** mail order catalog. It is loaded with leatherwear, toys and **IT'S HOT!!!**

**MR. S LEATHER** on Folsom and 14TH Streets carries a huge selection of custom leather, latex, toys and the largest collection of handcuffs I have ever seen! (*Thank you, Richard!*) Bring your VISA or checkbook and

The Gauntlet

contests and you are bound to meet up with any number of current title holders here.

Across the street is the **CASTRO STATION**. In business for a few decades, this place has always been

be sure to see Joseph or any of the other capable staff. Don't forget a copy of their catalog, you will "get off" on the photos! Over on 10TH Street is one of the original leather stores, **A TASTE OF LEATHER**. Since 1967, they have offered the Leather Community good quality leather items. If "fetishwear" is your bag, then **STORMY LEATHER** on Howard Street is the place to go. They do excellent custom work in leather, PVC and latex. Up at Market and Sanchez Streets is **IMAGE LEATHER** (next door to the Male Image Barber Shop). They have a good selection of leather plus a dungeon full of toys! **MERCURY MAIL ORDER (MMO)** is tucked away over on 18TH Street just down passed Castro. They do a fantastic mail order business (*as well as retail*), specializing in a lot of great SM toys and leathersgoods. Be sure to check in with Patrick or Darnell when you go by. Up on Castro by 19TH Street is **WORN OUT WEST**. Their second floor is stocked with new as well as used leather clothing and lots of SM toys and other related items. Their walls are always displaying original Leather/SM art by such artists as **Cirby** and **Craig Coleman**.

Piercing has become very popular for many into the Leather scene. The man who really developed this erotic mode for body adornment is Jim Ward of the **GAUNTLET**. His team of "Master Piercers" may be found at the corner of Market and Castro Streets. The choice of jewelry is incredible and, believe me, they know what they are doing! In addition, piercing is expertly done at **BODY MANIPULATIONS** on Fillmore and Haight Streets next to **ERNOS' TATTOO PARLOR**.

If you are interested in gay male publishing, come by the **DRUMMER MAGAZINE** offices located at 24 Shotwell Street, just above the **RoB OF SAN FRANCISCO** store. We are always in the market for new writers, artists, photographers and models. I also like meeting those of you who read *Drummer*. **BRUSH CREEK MEDIA**, who are the creators of *Bear* and *Powerplay* Magazines have a terrific shop with items for that favorite "bear" of yours. The **B.C.M.** staff are always anxious for visitors to

come by and expose themselves! They can be found on 9TH Street between Harrison and Folsom. To get your hands on the best of gay/Leather/SM porn, San Francisco has dozens of stores with

Folsom Gulch

hundreds of selections. Check out **JAGUAR** at 18th and Castro, **FOLSOM GULCH** on

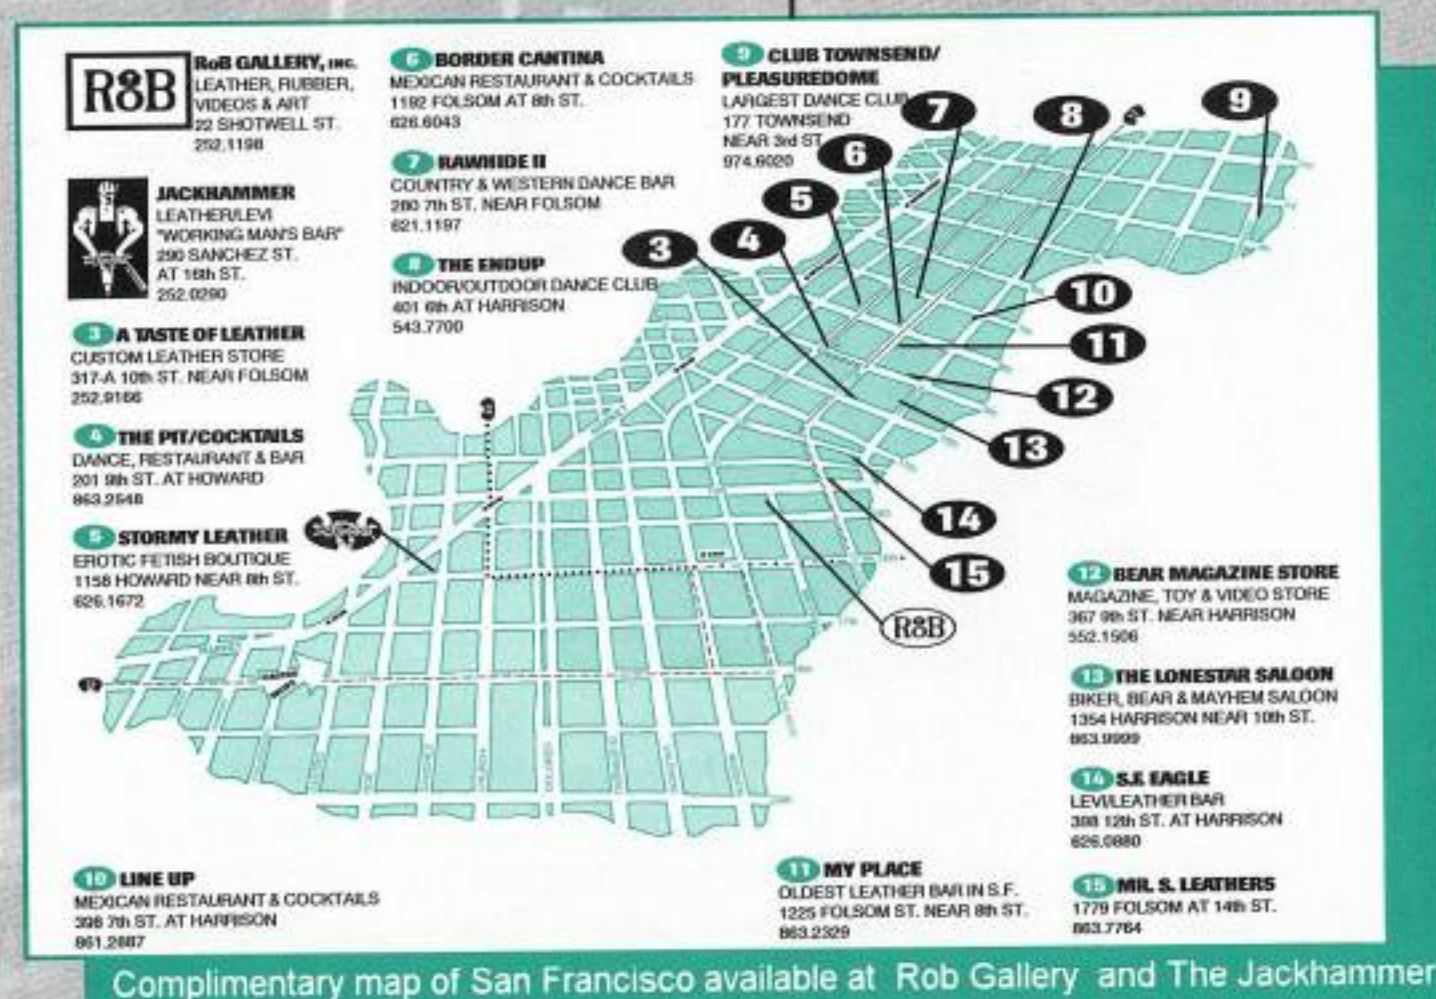

Folsom Street and **LE SALON** on 18TH Street across from **BADLANDS**. For live entertainment, the **NOB HILL THEATER** has Leather-type sex shows.

Okay, let's talk **SEX**! Given the small proximity of The City, street cruising is quite effective and should satisfy almost anyone's need to "HUNT"! South of Market is not as safe as it has been in the past, so prowl at your own risk. **Ringold Alley** seems to be timeless! Any weekend night, one will come across Leathermen out for good, old-fashioned, "raw" sex!

There are a number of popular sex clubs which operate most days of the week. **BLOW BUDDIES** at 933 Harrison

draws a large Leather crowd on Thursday nights and Sundays, early evening. A 10 buck membership gives you unlimited "sucking privileges". There's **MACK**, which is located right above **A TASTE OF LEATHER**. A lot of dark corners and several slings should do the trick. Fisting parties happen on Saturday nights. **EROS**, on Market Street (across from Safeway market) is large, with a lot of space and room to get very nasty. Also, there are a number of private dungeon spaces around the city. **LINKS**, **15 ASSOCIATION** and **TUESDAY SUCKS** to name just a few. These organizations operate by invitation only, but many Leathermen out at the bars and clubs usually can introduce you to the right contacts. SM play nights are usually listed in *Drummer's Calendar Section*.

People have been coming to San Francisco for years and the one observation most make is the freedom of personal expression. Men holding hands with men, women kissing women, hot men dressed in their leathers walking along the street, day or night. SM play parties, sex parties, great places for Leathermen to gather. Very few cities in the world have this kind of openness. So, come and join us. Throw caution to the wind and express yourself in this magical town. ■

## PAST, PRESENT & FUTURE

By Marcus-Jay Wonacott

Val Martin

**R**ecently, a number of people have asked me, "Where and when did Mr. Drummer occur?"

Given that I am now one of several individuals key in promoting this major title, some research was in order.

The first man ever to hold the "title" of Mr. Drummer was Val Martin. You remember him? Built, Beefy, Very Masculine. A real "Man's Man"! He received the title as Drummer Magazine's entrant in the Mr. CMC

Contest which was held every September in San Francisco during the CMC Carnival (*California Motorcycle Club*). He ended up as 1ST Runner-Up. John Embrey, Founding Publisher of Drummer Magazine, decided that a Mr. Drummer representative needed to stand alone, so a new contest was born.

On April 24, 1981, one month before Drummer's 6TH birthday, the first Mr. Drummer was selected in San Francisco at a danceclub called Dreamland. The Western Regional was held in San Francisco the previous winter and the Eastern Regional happened the summer before. Ray Perea won the distinction of being Mr. Drummer 1981. This handsome man is on the cover of Drummer #46. He continued on to Chicago to compete in International Mr. Leather 1981.

Thanks to Karl Stewart, past Advertising Director and John Rowberry, past Editor, the idea of displaying a "sexual fantasy" as part of the judged competition has set the Mr. Drummer Contest apart from almost any other major Leather contest.

Twelve years later, the Mr. Drummer Contest is still going strong! There have been a number of Leathermen who made great contributions to the Leather Community holding this title. Names you undoubtedly remember! These men set into motion many changes and accomplishments that have made a huge difference both socially and politically while still maintaining an image of being a strong, sexual icon.

This year, we are conscious of how important it is to bring back the "flavor and excitement" of the Mr. Drummer title that existed in those early years. A strong man who can stand proud and speak out not only on the important issues of today's Leatherperson but also as a sexually confident individual. Come September, 1993, the Mr. Drummer Finals in San Francisco will be the biggest and most involved event to date. Leatherfolk from around the world will be in attendance to celebrate our Leather lifestyle. We are introducing The Leather Expo, a marketplace to make available Leather-oriented goods, services and organizations which have interest for Leathermen and

Leatherwomen. Drummer sanctioned parties ("cocktail" to "cock...?") will be happening all over the city. This year, more than any other year, will be your opportunity to dive into the midst of Drummer events and all the activities involved with San Francisco's Leather Pride Week.

What happens this year will set the tone for the future of Mr. Drummer and the pride we have for our Leather Community. Hot men are coming out into Leather more than ever before. The Mr. Drummer title is one of many avenues to showcase and further the Leather lifestyle; to make it available to new generations of Leathermen. Don't miss out!! Your involvement is our future.

## PAIN & THE LEATHER LIFESTYLE

by Jack Rinella

The Leather scene is famous (notorious?) for its focus on paddling, whipping, cock, ball, and tit torture, and the infliction of pain in general. Because of that, how to handle the resulting pain is an often asked question.

The most obvious way, of course, is to avoid it. But avoiding pain denies us the satisfaction we're looking for. Pain holds a certain attraction and so we allow it into our lives.

Before I go too far (and some would say I went too far years ago!), I'd like to set some background rules. I'm not writing about violence, harm, abuse, or coercion. They have no place in real SM activities. If any of these characteristics are present, then it's not what I'm into.

For the sake of this column, I'd like to make the distinction between corporal punishment and the infliction of pain for the giving of pleasure. They're different and have different effects. Discipline is a topic all in itself. Let me write about pain.

A person can endure a significant amount of pain from a whip, strap, hand, or paddle if their application begins slowly and builds to a higher, faster, and stronger level. This technique is used when the spanking or whipping is meant to give pleasure to either partner. "Warming an ass" prepares it for a heavier beating as the body adjusts itself to increasingly higher levels of pain. Pain that begins at a higher level of intensity is more difficult to tolerate.

During the times that pleasure is the reason for the pain, there is (usually) a warmth, camaraderie, and intimacy that is lacking when the pain is for the sake of punishment. When it's for pleasure, caressing, kissing, fondling, and stroking are often intermixed with the application of pain.

Discipline feels different and effects a slave or bottom differently. Whereas many bottoms enjoy a paddling, most will do their best to avoid the paddle when it is applied as a punishment. Strange as it may seem, the purpose and technique create a wholly other experience when the Top wields a whip

as a means of correction or penance.

Some Tops impose rules during a scene in order to create a reason for punishment. Likewise, some bottoms break rules in order to "force" the Top to punish them. In either case, if the scene works, then it's right for its participants. But all too often such artificiality is uncalled for. The simple recognition of rights and reasons can eliminate the need for such "play-acting" entirely.

What I mean is this: if a Top wants to spank, paddle, whip, or inflict pain, he doesn't need to use rules to gain "permission" to do so. As the dominant partner with a consenting bottom, he already has that permission. The sake of the Top's pleasure is reason enough to proceed. In a real Master/slave relationship, the Top is in control and that is grounds enough for him to do as he feels, within the limits of safety, sanity, and consent.

As Larry, an experienced Master says, "You don't need to break a rule for me to punish you. I'll do it just because I want to do it, if you want a paddling, don't fuck up, just ask me for it and you'll get it." Larry can speak that way because of his own self-confidence. He recognizes the rights and responsibilities inherent in an SM relationship and is comfortable with the gratification they offer.

The vast majority of Leather scenes, of course, never approach the intensity of a true Master/slave relationship. Most of the time, the Leather scene is simply an acting out fantasy. The "scene" is kept in the realm of play, and is seldom, if ever allowed to effect one's life and style.

There is more to the Leather scene than play-acting. It can be more than pleasurable. Like all relationships, SM can provide an environment for personal growth and deep, meaningful relationships. When two people come together with mutual respect and understanding, they open themselves to a world of miracles and delight.

Most people shy away from the possibility of being hit with a belt, or whacked with a paddle. Taking it a step further, few people want to have their

body covered in clothespins, slaps, hot wax, or other SM "uncomfortable" devices.

On the other hand, pain can be a rewarding experience, a door opening into a set of very positive feelings. In order for these "alternative" feelings to be felt, there are mental and physiological shifts to make.

Pain is pain and pain hurts. SM pain is no different. When a loving Master whips a trusting slave, wonderful things may take place, but the slave still feels the pain. He may not mind it or feel it for long. There may be cascades of pleasure, exceptional alternate sensations, deep mystical events, but there is pain.

What is different is not that the pain ceases, but rather that we change the pain into other kinds of feelings.

I recently took part in a "Bun Warming Fund Raiser". I volunteered to allow the highest bidder to paddle my ass. As the high bidder was using the paddle on me, I felt pain. I have felt worse pain, since he certainly wasn't beating me unmercifully.

I was leaning over a padded saw horse and thinking, "Well, this is a good show for the rest of the people watching. I hope we raise some good money for TPAN." What was foremost in my mind wasn't the pain, but the reason for the pain. I wasn't afraid of what was going to happen so I remained fairly relaxed.

In a very few minutes the paddling was over and my job was done.

But the effect of the swats lasted. A half hour later, as I was standing at the bar drinking a beer, I noticed the warmth that the paddle had induced in my butt. My hand could actually feel the heat. It felt good. There was a certain satisfaction of having endured it as well as a feeling of pleasure. There was a slight euphoria in my body. The pain had been transmuted.

How is that done? There are various techniques. Physically, our bodies "defend" themselves from the trauma of pain by releasing endorphins into our system. These naturally occurring chemicals give us the slight euphoria that I experienced after my paddling. The more intense the pain, the greater the amount of endorphins released. This is similar to the effect of the "runners high".

Mental techniques that can be used to tolerate pain include relaxation and focussing. The relaxation techniques are various forms of meditative and physiological exercises, such as breath regulation and muscle relaxation. Pain is

# ROUGH STUFF

intensified with the onslaught of fear and panic. Relaxation counters this natural tendency. Tensed muscles handle pain with much more difficulty than ones that are relaxed.

The other technique is to focus on thoughts and actions other than the pain itself. Just as I concentrated on the audience's pleasure and the funds being raised for TPAN, any distraction from the pain is helpful.

Many well trained bottoms, who are used to enduring pain, concentrate not on the pain they are receiving but rather on the pleasure their Top is receiving by administering it. I know that spanking turns me on significantly and the boys I play with enjoy the fact that I am enjoying myself. They submit to it, not for the pain they endure but for the pleasure they create.

When I'm in the mood to redden a boy's butt, and there's a boy handy to do it with, I often have him lie with his face in my crotch and his arms around my

**On the other hand, pain can be a rewarding experience, a door opening into a set of very positive feelings.**

waist. This position not only exposes his ass to my whip or paddle, but also gives him something to think about and to focus on.

It is just this kind of focus that will take a guy's mind off his pain, especially since most (gay male) bottoms are such avid cocksuckers!

Another technique, and one that works well in fantasy scenes is to gain satisfaction from knowing that you are able to withstand the pain. I know that it may not be PC to admit it but I often withstand pain -- but not injury -- by thinking about the masculine character of "taking it like a man". Doing so makes me feel good about myself and my own strength. People may ridicule such thoughts but they are real for me and one of the reasons why I accept the paddling when it comes. In the end it proves something to me and that proof is satisfying.

We aren't into pain for the sake of pain as much as we see pain as a "doorway" into deeper and more meaningful experiences. These deeper

moments are sporadic, somewhat unpredictable, and unfortunately, usually of a fleeting nature. But they still hold value and a significant part of SM's lure.

As with many SM activities, there's more to pain than meets the eye. Let me illustrate my point with pain induced the application of clothespins.

Soon after I met Stan, he asked me to be his Master. I told him I was willing to start something between us but since we were outside the Mercantile Exchange on the banks of the Chicago river, he'd have to wait for a more appropriate time and place. We began dating seriously and he soon won a place in my heart as my boy.

Our scenes increased in intensity over the ensuing weeks. We grew fond of each other. He learned how to please and serve, what I expected. I taught him what he could endure and how to enjoy it. It was a mutually fulfilling time of training and affection. Stan was becoming a Leatherman.

On the "night of the clothespins," he was kneeling buck naked next to my bed. His hands were tied behind his back. I looked into his eyes and over the next five minutes or so, I put twelve clothespins on his cock and ball sac, one by one.

I don't remember what, if anything, we were talking about, I do remember being my typical demanding self. I wanted to take Stan a bit further tonight, past a limit, into new territory. There was an intense feeling between us, though I have to admit I wasn't reading the scene as well as I thought.

Stan was taking everything surprisingly well. For a twenty-four year old novice he was doing fine. At least that's what I thought.

When I put on the twelfth clothespin, Stan lost his temper and told me to stop, to take the clothespins off. He didn't want anymore of this.

I did as he asked and ended the scene right then and there. I wouldn't let Stan go home immediately but convinced him to take a few minutes to talk things out. As we did, the real story came out.

**Secondly, the real "event" of SM is the transition into an "altered state".**

For it wasn't the clothespins' pain that had triggered his reaction. Instead, in the pain and intensity of the moment he had flashed to images of his childhood. I was no longer a Leathersex Top. Instead he saw his father, demanding perfection, pushing him to take it. It was an unpleasant experience and one at which Stan had often and repeatedly rebelled.

He didn't so much want me to stop as he wanted the Dad of his childhood to stop. The clothespins and I had pushed him into an emotional and psychological area that was hidden and often suppressed. The scene was a trigger for its release and revelation.

Experiences with depth, emotional release, and gaining of insight are one of the side-benefits of intense physical activity. Though we often forget the many aspects of our life are intricately woven together. Emotions affect thoughts which affect our bodies, which affect our actions and reactions. Each side of us builds and feeds the other. Each "part" of us only seems to be part of a part. In reality we are one and complete in many dimensions.

The strongest attraction that Leathersex holds for me is the bonding. Male-to-male, that I experience in the activity. It is a bonding that lasts and grows. In a real sense my slave and I become one in the tapestry, the event of the submission/domination we create. It is a mutual event. In every sense, as I make him my "slave", he actively and completely makes me his Master. It is a co-created, complimentary and fulfilling event. I am just as much his creation and he is mine.

Secondly, the real "event" of SM is the transition into an "altered state". As paradoxical as it may seem, bondage gives one a sense of freedom; physical stress, a feeling of relief. The pain creates (biological and otherwise) a strong feeling of pleasure. Refer to Urban Aboriginal for a fuller treatment of this phenomena.

The deepest (and best) SM experiences reveal a spiritual universe of immense proportions. The participants find themselves adrift in a ecstatic sea of color, depth, music, expanse, and love. That is not to say every experience develops this way. All that can be said is that every experience is the unique creation of the men who are in the Leathersex relationship at the time.

So who wants to be next? I'm ready to beat some butt, just for the pure pleasure of it. Thanks for reading.

## Nathan:

I saw him before he saw me. When he walked in, I was standing by the door in the back bar of the Gay 90's, watching all the meat come in under the black light. He was the last thing I looked at all night.

Six feet of bulging muscle and dirty-blond hair in an almost severe crew cut made him a mouth-watering, textbook example of "just my type." From the sharp line of his clean-shaven jaw to the self-assured way he carried himself, he matched perfectly the handsome, clean-cut bodybuilder I kept bumping into in my wet dreams.

While he stood with his back to me, checking out the room, I switched my keys from the right to the middle. His back pockets were empty of hankies and keys, and I wasn't taking any chances. I'd take him however I could get him.

As confident as confident gets, he stood just inside the door for about fifteen minutes, slowly sipping a tall glass of something on ice. Under faded denim, his ass cheeks looked hard, round, and perfect. The legs of his painted-on jeans were tucked into a pair of scuffed, thrift-store combat boots.

Finally, satisfied that there was nothing in the room for him, he turned, ready to leave. My heart leapt into my throat. This is it, I told myself. Now or never.

He was past me before he noticed me. Double-taking, he stopped and turned back. He gave me a once-, twice-, thrice-over. Smiling, he disappeared.

With an effort, I kept my calm and did not follow. Normally, I would pant after him all night, too stupid to know if he'd rebuffed me and too insecure to know if he'd accepted me. This time, though, I knew he'd be back. By the end of the night, one of us would be begging like a dog.

Sure enough, less than twenty minutes (but longer than a lifetime) passed before I found him at my side. Sipping a beer now, he seemed less at ease, less confident. Turning, he leaned against the wall, his shoulder inches from mine, his eyes memorizing my impassive profile.

"Hot in here tonight," he said, shouting over the racket of the jukebox.

Still not looking at him, I nodded slightly. "Sure is," I said, taking what I hoped was a sensual-looking pull off my beer bottle. "So are you."

"Thank you, Sir," he said.

I nodded slightly. Now, finally, I knew where I stood.

After a pause, he added, "Y-you too, Sir." His voice quavered. "The hottest thing in this bar, Sir, if I may say so." Reaching into his back pocket, he fished a crumpled cigarette out of a wrinkled pack.

Here was the real test. I looked at him, then the cigarette, and shook my head. He had the cigarette in his mouth, the match ready to strike, before he understood my gesture. Hesitating, he dropped the cigarette and the book of matches into an ashtray on a nearby table. I had him.

"What are you into, boy?"

"Sir, I like, um, I like sucking and fucking, of course, Sir, and worshipping my Master's body, and gettin' whipped and tied up and shit—. Stuff, I mean. I'm not really into shit. Not so far, anyway. The usual stuff, I guess, Sir.

"Piss?"

"Yes, Sir." He swallowed hard. I'd found a hot point—he either loved piss or loved to hate it.

"Fisting?"

"Never been fisted, Sir, but I guess I could go for it. Someday. Wh-what about you? What are you into, Sir?"

"The same."

I allowed the conversation to lag uncomfortably. He made a few false starts, but I cowed him by answering with grunts and silences. Finally, I said, "Well, fucker, I was hoping you'd figure it out on your own..."

"I'm sorry, Sir," he said, as full of remorse as a first-time adulterer. "What can I do for you, Sir?" "Boots, boy. Or are you too good to lick your Master's boots?"

"No, Sir, I'd be—I'd be honored, Sir. May I?"

"Wait another second and I'll leave this fuckin' bar without you. Slave.

Before I'd finished speaking, he sprawled out on the dirty floor among the cast-off peanut shells and cigarette wrappers. Surprised at first to taste rubber rather than leather, he paused. Then, as if I'd reunited him with a long-lost fetish, he looked up at me—moon-faced in the half-light—and said, "Thank you, Sir. Thank you."

Drawing his knees under him, he wrapped himself around one boot and feasted on the other. With his beautiful body straining against its covering of white cotton and denim, he licked with gusto.

One of my Masters, a man who'd had me strung up hour upon hour in his dungeon as recently as the previous week, gave me a knowing smile and a thumbs-up over his beer. Proudly, I switched my keys again, from the middle to the left.

Later, we moved to a darker spot on the adjacent wall. I sat on a stack of beer cases and he stood between my legs. At my command, he peeled his shirt off and tucked it into the right back pocket of his jeans. His broad, hard chest and washboard belly could have been designed specifically and exclusively for my unrestrained admiration. White and glowing and hairless, the skin was smooth and perfect under my hands and tongue and teeth.

His small, flat nipples were the color of fresh blood. Coaxing the little paps out of their nests was a challenge to which I was more than equal. These shy nubs would be big and hard and sore if it took the rest of my natural life. No better time to start than right now, of course, with the twins right at mouth level. With little more than a snap of the teeth and a twist of the lip, I quickly reduced my willing victim to squirming and groaning.

Panting like a dog, he begged, "Master, Sir, please, Sir, I don't mean to be disrespectful, Sir, but..."

"Yes, slave?" I said, and relished his sigh of relief when my lips left his nips.

"Sir, I'm awful sore already, Sir. Could I...?"

"Yes, slave?"

He winced as I munched him again. "Can I serve you another way for a while, Sir? Please? Sir."

"What else can you do for me, slave?" I treated him to the mother of all munches.

Gasping, he cried loudly enough to silence the bar for a moment, "Anything, Sir." Abashed, he whispered into the brief quiet, "Anything, Sir."

"Suck me, asshole slave."

"Yes, Sir!"

On his knees again, where he belonged, he went for my button fly with his teeth. Too horny for that shit, I stopped him and released Mr. Happy (who was very happy indeed). Eight thick inches plopped out against my slave's eager lips, and he gobbled my shaft as eagerly as he'd lapped my size nines.

A load boiled in my balls after only a few quick swallows. I slowed the boy down, made him keep me warm in the back of his throat for a while. Wrapping my hands and legs around his head, I held him in place until he gagged, then choked, then strangled on my thick pole. When I released him, he gasped, "Thank you, Sir. Again, Sir, please. Make me."

Happily, I obliged. For more than a minute, he struggled and gasped uselessly against me as my throbbing fuckstick split his unwilling throat. Again, he thanked me. "Use me," he said. "Use me, use this fuckin'—"

Nobody likes a chatty slave—I shut him up in a way I knew he'd like. Though I let him go at his own pace, I kept his gullet stuffed full for the next twenty minutes or so. Whenever he tried to pull off me or grab my joint with his fucking hands, I corrected him with a kick to the groin or a rough pinch to his tender nipples.

We had drawn quite a crowd by now. Guys clustered around us and shyly rubbed their bulging jeans, jealous of our daring. A man about my age settled in beside me, directing his partner—

a nervous graying executive type in a dress shirt and jeans—to match my slave's performance. The older man whipped out his own dick and stroked it while he deep-throated his partner.

After the two other guys shot their loads, the crowd lost interest. I pried my slave off me, buttoned up, and kissed him. His tongue was hot and his breath sweet.

"You're coming home with me, boy. Now."

"Yes, Sir," he breathed in my ear. "Thank you, Sir."

As we walked to my car under the summer neon of Hennepin Avenue, we made formal introductions. Keith was his name. About six years ago, he'd come to Minneapolis from Ely to attend the University of Minnesota. His grades had been better than anyone expected, until he discovered the Gay 90's.

"I'd never seen so many queers in one place before," he told me. "It was like heaven."

The place had been his second home ever since; he'd even worked there briefly as a stripper. In the middle of his sophomore year, he dropped out of college. A dead-end job in the menswear department at Dayton's paid his bar tab.

By the time we reached my car, we'd slipped from our Master-slave roles and needed to recapture the mood. On an empty side street, in the shadow of a hulking stone church, I ordered Keith to strip.

"Sir?"

"Are you deaf, asshole? Strip." He stood there, looking at me. I sighed. "Car leaves in ten seconds, with you naked in the passenger seat or with you clothed on this street corner. Your choice."

I got in and started the car, my leather jacket creaking against the Lexus' leather seats. Silently and very, very slowly, I counted to ten (one-thousand-one hippopotamus, one-thousand-two hippopotamus, ...) and prayed he'd get in the car. At ten,

I looked over. Clothes bundled in front of him to hide his cock and balls, he waited for me to unlock his door.

Rolling down the window on the passenger side, I told him, "Grab your wallet and keys and leave everything else."

Muttering, he obeyed, fishing in his pockets and tossing his jeans and shirt into the street. Responding to the warm breeze and the thrill of the forbidden, his cock was starting to thicken—I saw already that it would be more than a match for mine. Breathing another silent prayer that none of my Masters would ever put me through this, I let him in.

"Thank you, Sir."

"You're a slave. You go naked from now on."

"Yes, Sir."

"That includes keeping those fuckin' hands off that crotch."

Head bowed in shame, he tucked his fingers under his heavy thighs. "Yes, Sir," he said, his voice thick.

Bent double over a sawhorse in my playroom, he looked like something from a Bill Ward comic strip. Clenched together in an involuntary attempt to protect his best parts, his thighs were half a mile wide. Hairless everywhere except his armpits and crotch, his smooth, perfect, glowing skin was nearly as white as the page of a magazine.

Between his legs hung the biggest piece of meat I'd ever seen. Though his big body dwarfed it when it was soft, it rose then hard to a mighty ten-inch battering-ram suitable for bringing down the gates of Masada. His balls rode a bit higher than I liked, but from their size and weight I expected them to deliver big loads and endure extensive abuse.

I warmed him up with a rigorous strapping. His white, white skin striped angrily on even the easy strokes (granted, there were only a few of those). On command, he spread himself to the corners of the sawhorse and took more than a hundred strokes without bondage. His cock and balls hung low and inviting between his spread legs. I could not bring myself to spare them from the strap.

Finally, when I could wait no longer, I slipped my throbbing joint into a prelubed raincoat and then his gorgeous muscled butt. He was tight—oh, so tight—and somehow as slick as if I'd bothered to use enough lube. Bucking against the sawhorse, he showered me with obscenities and clutched at me with his shithole. When I'd finished, he knelt in front of me and licked himself off my rubbered cock.

"And you said you weren't into shit," I said.

"I'm into you, Master," he gasped.

"From now on you'll keep yourself cleaner."

"Yes, Master. Anything, Master. Anything you say, Master."

In the morning, I woke with his soft, warm tongue bathing my feet and his hulking backside wiggling over my crotch. His thick, hard cock drooped under its own weight to brush my own piss proud. Life could be much, much worse than waking to that view every morning.

To my surprise, he was even more dedicated to serving me in the daylight than he had been in the smoky dimness of the bar or the opaque blackness of my bedroom last night. From the cracks between my toes to the folds behind my ears, no inch of me went unwashed. The whole time, he chanted, "Master, Master, Master," as a litany, his lips and tongue never leaving

my skin.

I went with him to his pitiful apartment and helped him pack his meager possessions into a few dirty boxes. At my house, we stacked everything in a locked room. "Slaves own nothing," I told him. "This will be here for you if one of us decides you need to leave."

The door has remained locked since that day.

### **Keith:**

When we met, Nathan was wearing a pair of heavy rubber boots, almost knee-high. He made me clean them with my tongue, right there in the fucking bar. He'd asked me if I liked piss, so the whole time I was going down on his boots—getting off on them and really making love to them—I was picturing the two of us in full rubber, pissing on ourselves and all over each other. I was seeing piss enemas and boots full of piss hanging from my balls.

Later that night, he made me take my shirt off so he could play with my tits. And, oh brother, did he play with them—he showed me no fucking mercy. In no time, I was begging him to stop. Still, my cock was hard, a fucking boner hard enough to rip my jeans. I hoped he'd never do that to my tits again. Disappointingly, he never has.

After we were together for a couple of weeks, Nathan took me to his cabin up north, a little lakeside lodge with a wood stove and a full kitchen and a big soft bed. We had a great time. He made me go naked the whole way in the car and played with my dick while he drove. When we got there we both stayed naked the whole time and I did a lot of sucking and got fucked once.

But what I can't get out of my head is this fantasy: He ties me up and puts me in a big canvas mail sack and stuffs me in the

trunk of his car. When he lets me out of the sack we're out in the fucking woods, just the two of us, both naked. Or maybe he's wearing some knee-high rubber boots or a leather jockstrap. Something kinky.

Ramming a big fucking dildo up my butt and tying my hands behind me, he hitches me up by my balls to a little cart and makes me pull it—with him in it, of course—up the steep, bumpy path to the cabin. He uses a riding crop to keep me moving.

That night he straps me to a wall in the cabin and leaves me there all evening, like I'm a fucking wall decoration. Every now and then he comes by and slaps my balls around. They're sorer than they've ever been in all my fucking life.

Just before bedtime he lets me down and warms my ass with a big wooden paddle before he fucks the shit out of me. In the morning, I pull him back to the car in the sulky, my balls screaming with blinding pain. Into the mail sack again, then into the trunk for the ride home.

The less like a slave Nathan treats me, the more like a slave I want to be treated. I fantasize about him. When I'm working out, I picture his face, his dark skin and that brooding look he always has behind his gold-rimmed glasses. Facial hair so heavy that he can shave for the bar and by last call he seems to have a full beard. I love thinking about his slim, hard body and the curly black hair that spreads across his chest and down to his crotch and over his legs. That furry butt of his coming down over my face. His long, hard cock with its dripping, deep-purple head splitting my jaw or ramming my ass.

We still get off on each other, and we still get it on. But no leather, no titplay, no sore balls, no welts, no piss, no rubber. No "Yes, Master," or "Eat it, slave." Strictly suck-fuck. Leathersex is all fantasy now. We get all the mags and go out to the bars for show, sometimes with me at the end of his leash. But, since that first time, Nathan's never let me touch his boots in public.

So, even though I'm technically still my Master's slave, who can blame me for drooling over every guy I see? Vic, for example...

Vic works at the health club as a locker room attendant. He's a bit shorter than me, with a slighter build. From his salt-and-pepper hair and beard I'd place his age on the high side of fifty. He has deep-set puppy-dog eyes and a full mouth that would look great wrapped around a nice thick piece of fuckmeat.

I started lifting weights in high school mainly so I'd have an excuse to watch men get naked. As a hobby, ogling naked men beats whist or model airplanes hands down, but I've made a science out of it. A lot of men look better clothed, some should have permission from God to go bareassed at all times, and a few are equally mouth-watering either way. In any case, clothes make a big difference in how most men carry themselves. If a man looks great when he's naked, he carries himself that way. If a man is bashful about his body, it shows in how he moves.

Vic is a striking exception to the rule. Even in his baggy, shapeless uniform, he behaves as though he's completely naked, as though he's been caught in the middle of something very private. Looking at him always makes me think of those dreams where you're late for your algebra test and then, when you get there, you discover that you forgot to wear pants.

After every shift, Vic uses the whirlpool and steam room. I

have never seen him without a hard-on. Although he has a perfectly average six inches, the shaft curves almost ridiculously downward, arching in front of his rosy, fur-covered ballsac. The thick shaft tapers to a flat, shovel-shaped head. His body is entirely hairless from the neck down. Even his crotch and armpits are bare.

Today, I finish my workout as Vic finishes his shift. He's just leaving the shower room as I get there. After rinsing quickly with cool water, I follow him into the steam room. Squinting at him through the swirling mist, I plop myself down next to him with an embarrassing wet smack.

He breathes deeply, inhaling the pungent steam. That amazing cock—I see dimly through the vapor—is bone-hard as always. The head rubs against the slick orange tile.

"You like working here?" I say, for lack of something better.

"It's all right, I guess," he says. It's the first time I've heard his voice. Its deepness is pleasant and gratifying. He has a trace of a gentle Tennessee or Kentucky drawl—hill country, not Deep South. "See you here a lot. Must use free weights."

"Yep." When Nathan made me quit Dayton's, he told me my career would be getting ready for body building competitions. So far I've been runner-up in a four-man contest at the Minnesota Leather Encounter. Look out, Mr. America, here I come.

"It's paid off," he says. "If you don't mind me sayin' so, Sir."

That little word, "Sir," changes the whole landscape. I'd been hoping to swing on that hot prick of his—the dogleg in the middle would make it perfect for deep-throating. But here he is calling me Sir. I have to think about this for a second.

Embarrassed now by my silence, thinking perhaps he's misjudged the entire situation, he stands. With one hand he scrapes sweat off his belly. The other hand moves toward his crotch, but then he thinks better of it. "See you in the whirlpool," he says, a little timidly.

When I emerge from the steam room, he's leaning against the side of the whirlpool. In the clear water his stiff rod looks bigger than it is. He scratches deep between his legs, under his balls. Climbing in beside him, I drool.

"Listen," I say, sidling closer to him, "I see you here every day, so I'm not gonna embarrass myself too much. If you want what I think you want, meet me at my car. Blue Chevette—well, rust and blue—no, mostly rust." (It's the car I've had since college. Nathan won't buy me a new one until I win my first competition, so I'm still very attached to my little Chevette.) "Three spots down from the last handicapped spot on the far end."

He nods.

Fifteen minutes later, as I scrape two hours' worth of freezing rain from my windshield, Vic comes toward me. Somehow, he looks as bare as a newborn babe even in hiking boots, rough blue Dickies, a parka, mittens, and a knit cap. Without a word, he slips into the passenger seat.

Despite the danger of discovery, I take him to my house. I have enough cash for a room at the downtown Hilton, which I briefly consider. But I don't have any play equipment, or even so much as a rubber. Since Vic is obviously ripe for more than suck-fuck, I'd hate to waste the opportunity for lack of preparedness.

In the playroom at home, I notice that the equipment is covered with a layer of dust. Jesus, it's been a long time since Nathan and I were even in here.

Once Vic is stripped, I make him kneel with his hands clasped together behind him. "This is 'the position,'" I tell him. "When I tell you to assume the position, this is how I want you. Got it, slave?"

"Yes, Sir."

"Fuck that 'Sir' shit." I slip my T-shirt off and drape it over a chair. "I'm your fucking Master, got it?" Getting hotter, I claw at the buttons of my jeans. "Call me anything else and I'll have your fuckin' balls. Got it?"

"Yes, Master." A wave of pleasure goes through him. His throbbing prick leaks a single stringy drop of precome to the floor.

Unbuckling my belt, I walk around behind him. His round ass shows a hint of spread. "Not that it matters, but what are you into, dickbreath?"

"Anything you are, Master."

"Bullshit." I prod between his ass cheeks with my bare toe. He shivers at the unexpected contact. "I asked you a fuckin' question, asshole. Fuckface. Dickwad. This is the last time I'll ask it, so answer honestly or take the consequences." Groping my own cock, I probe deeper into the warm gap between his legs with my foot.

"I'm sorry, Master. Master, I love sucking and fucking—especially sucking—and...nipple work...and paddles and straps and getting spanked and...licking feet and eating ass and...and just being used like a fuckin' slave, Sir—Master."

"You like pain, slave? You gonna take a lot of fuckin' pain for your Master?"

"Yes, Master."

"Raunch? Piss? Shit?"

"A little, Master."

"Verbal abuse?"

It grows very quiet in the room. My slave's head bowed, his cock dripping, he says barely in a whisper, "Yes, Master, more than anything."

"We'll get along just fine, then, slave-daddy." I'm naked now, my big, stiff cock pointing straight ahead of me.

I hop onto a stool in the corner. "Get your butt over here, you piece of shit."

He obeys, crouching on all fours beneath me. I spread my feet flat on the floor, one at his head and one between his legs. Understanding the unspoken command, he licks the pale skin still wrinkled from the whirlpool. His tongue flicks in and out of the ticklish crevices between my toes.

"You're a fuckin' piece of crap," I tell him. "A cocksuckin', asslickin', foot-kissin' slave."

"Yes, Master."

"Did I tell you to talk, asswipe?"

"No, Master. I'm sorry, Master."

"Getcher fuckin' worthless shitty ass up here, daddyslave."

In a flash, he drapes his body over my knees. His oddly shaped cock rubs against my thigh. As if from sunburn or embarrassment, his round ass is already red. Each cheek is a bit more than a handful, soft and warm and silky smooth.

"If I think for one second that you're tryin' to fuck that misshapen little cock of yours against my thigh, I'll fuckin' rip your ass inside out. Got it?"

"Yes, Master."

Using my hand, I redden his ass for real. Painting him with

pain, slave?

my handprints, I work him until my palms sting too much to continue. Then I make him fetch my belt. Without being told, he goes on hands and knees and brings it to me in his mouth. Before he hands to me, he kisses the black leather.

"You're as well trained as any dog, fucker," I say as he repositions himself over my lap. He bucks his rod into me once. For the moment, I pretend I not to notice. "Who trained you?"

"I had another Master for over thirty years, S—Master.

Thirty years! "And you aren't together any more?"

"No, he kicked me out a year ago."

"Why?"

"I don't know. I came home from an errand one day and my bags were on the front stoop. The chauffeur handed me an envelope full of money and drove me to the Y in downtown Minneapolis. I still don't know what I did." He is getting choked up!

Thirty years! "How did you meet him?"

"He bought me when I was seventeen. From my Pa."

"Bought you?" Suddenly I didn't believe a word of it.

"Yes, in West Virginia. Money was—well, I was worth more bein' sold than stayin' on, Master." Calling me Master again makes me realize he's been lax about it the last couple of times. I let it slide.

"Wha—?" My head is reeling. I've been into Master-slave games for years now, but getting sold...I thought that was the stuff of porn magazines and Arab hinterlands.

Both our cocks are soft now. I nearly don't have the will to go on using him. This guy who kicked him out after thirty years has abused him enough. "Assume the position, slave. Here, between my legs."

He obeys. Tears glisten in the corners of his eyes.

"That man was a fool to give up a slave like you. A brainless fucking fool. You are superbly dedicated and perfectly trained. You're better off without him."

"Thank you, Master."

"Now let's get to work, asshole. Get over that horse and spread 'em to the four corners."

"Yes, Master," he says with enthusiasm.

He hustles to the sawhorse and bends over it, grasping two of the wooden legs with his hands and wrapping his feet around the other two. Red and hairless, his ass cheeks rise high and inviting in the air. His hard dick and low-slung balls sag between the mass of his thighs. Wrinkled and pinkish brown, his trained bunghole winks at me like an eye.

"Was it your Master who removed all your body hair?" I ask.

"Yes, Sir—Master. Yes, it took years of electrolysis, but he'd gotten tired of shaving me.

"And the beard?"

"Master, he liked to feel the stubble every morning when I rimmed his ass and...served as his toilet. I've let it grow now that I'm...on my own, Master."

Not sure what I'm promising, I say, "You aren't on your own any more, slave."

Using my belt, I work his ass and legs until they're as warm as toast. He counts strokes, thanking me for each one. After every tenth he asks for another ten. I oblige him again and again.

Lifting him off the horse, I move him to the bondage frame and strap him spread-eagle. He is suspended by padded wrist

cuffs, and his cuffed feet dangle an inch or two above the floor. He won't last long in this position, but I aim to make it a memorable ride.

Jagged clamps go on his tits, a pinprick harness on his cock and balls. I continue working his backside with my belt, not sparing his shoulders. I swipe his round belly once or twice for the hell of it. Though he still keeps count, he shudders now from the discomfort of the bondage, the clamps, and the pins and needles in his crotch.

He takes another three hundred strokes before I decide to let him down. He falls to his hands and knees and kisses my feet. "Thank you, Master. Thank you. How else may I serve you, Master?"

"I gotta piss, asswipe. You want it in the face, up the ass, or down the throat?"

"I want what you want, Master."

I hate shit like that. "Asshole," I say, slapping his face. "That's fuckin' bullshit. Don't lie to me. If I give you a choice, you tell me what you want, slave, not what you think I want to hear. Asshole. Shithead. Dickbreath, pisswad, son of a bitching asshole..."

"I'm sorry, Master," he says. "I'm sorry. I'd like it in the face, Master. Please."

"Fuckhead."

I lead him by a handful of hair into the adjoining bathroom. Tiled in white from floor to ceiling, it is designed for

the wettest kind of kink and is almost never used for it. On one side are a tub and a separate shower. On the other are a toilet and a small sink. The whole room is in reach of the single detachable showerhead, and the floor is slanted so that everything empties through a drain in the middle of the room.

My daddyslave kneels over the drain, his eyes closed and his face upturned to receive my firewater. Holding my swollen prick with both hands, I aim at his chest and wait for the piss to come. At last, it does, hot and violent. It splatters against his skin and splashes me.

"You too, slave," I say. "Piss on your fuckin' Master."

Without hesitation, he bends his cock upward and immediately lets loose with a hot, clear stream of urine. It flies up onto my legs and into my crotch, soaking the hair on my balls.

My bladder drained, I fall to my knees. The last of his piss splashes between our bodies. A single salty drop lands on my tongue. I touch his face, squeezing the acrid urine from his beard. His eyes are still closed; he is contented.

"Your ass trained, shitface?" I whisper.

His eyes snap open. "Master?"

"Can you take this big fuckin' piece of meat dry, daddyslave?"

"Master, I..."

I grab a handful of his balls. "You're not tellin' me 'no,' are you, slave?"

"N-no, Master. I can take you."

"What about your throat? Can you take me in the face?"

He smiles, betraying his preference. "Yes, Master. Easily."

Easily? No one I ever met took my big pole easily. "Prove it, asshole." I stand, snapping his chin with my piss-wet prick.

Hands clasped primly behind him, he gingerly licks our

combined saltwater from the head and shaft of my gutripper. Then, slowly, smoothly, he swallows each of my ten inches without stopping. Nose buried in my dripping crotch hair, he keeps me locked inside him for an incredibly long time. His tongue works the underside of my shaft, tickling me just at its root.

Convinced, I pull him off me. I grab an extra-large rubber from the handy bin on top of the toilet and slip it onto my prong. "Get it plenty wet, daddyslave," I tell him. "That's goin' in the other end just how it leaves your mouth."

Deliberately gagging himself on me, he works up enough spit and phlegm to get me inside. On my command he arranges himself on all fours over the side of the tub. His hole winks at me again, getting ready for my monstrous butt-stuffer.

Working slowly, I squeeze just the head of my prick into his manhole. Daddyslave's breathing grows sharp and shallow. It's been a long time for him (me too, come to think of it).

"I wanta hear some noise, slave. Talk dirty."

He obliges, though a bit stiffly: "Fuck me, please, Master, please, fuck my worthless slave ass, Master, fuck me."

"You got it, slave, daddy, slave, you got it." All at once I ram the rest of my big pole into him. Jackhammering in and out, I give him the breathless ride of a lifetime. His head bangs against the far wall of the tub.

"Master, Sir, Master," he screams at one point, "I'm coming, Sir, Master, may I come, please, Master, Sir."

"No fuckin' way," I tell him. "No fuckin' way in hell, fucker. You fuckin' wait. Asshole shithead."

But he keeps begging, "Sir, Master, Sir, please, Sir, I can't. I can't hold off, Sir, Master, please, Sir."

"Now, fucker, shithead, asshole, dickbreath, asshole, shithead, fucker, mother, cocksuckin' motherfucker. Now!" Collapsing over him, I shoot a rubberful of cream up his love canal while his own jism dribbles down the side of the tub.

"Too bad the weather is so crappy," Nathan says behind me, his voice sudden and sharp. "If I hadn't come home early, I'd never have known about this."

My heart sinks. "Nathan, I..."

"I assume that's how you wanted it, right, Keith?"

"Nathan, I'm sorry. No. I...brought him home for you."

A ridiculous lie; Nathan'll be as old as Vic before he'll go for guys as old as Vic. "I...just got carried away."

"Don't forget to take your things with you when you leave," Nathan says, his whiskered face dark and pinched. "I'll unlock the room right now."

### **Nathan:**

I saw him before he saw me. He looked as fit as ever in rubber boots to his knees, a white shirt, and denim cutoffs. He kept his hair short on top and shaved almost clean on the sides. The narrow dark beard that had become a kind of signature for him followed his jawline from one ear to the other.

As on that night more than a year before, he stood near the doorway checking out the room. Then, his confidence had been for show; now it was well-earned and deeply genuine. As Mr. Minnesota Leather, he could afford to be as choosy as he pleased. He turned plenty of heads, especially mine.

Almost in spite of myself, I moved my keys from the left to the middle. I'd heard that his slave—that old fart I'd caught him with—had gone back home to West Virginia. Even on the rebound, even after I'd kicked him out, even if I had to beg him, I wanted him back.

As if he'd known I was there all along, he turned and looked at me. He stepped in front of me. I felt like a dwarf next to his big, muscled body. He stood so close that I could smell his sweat and after-shave (I preferred the sweat). A broad yellow stain covered the left shoulder of his shirt—a blunt and effective communication of his love for piss.

"Well? What's it gonna be?"

Bowing my head, I switched my keys from the middle to the right.

"I thought so." I could hear the smile in his voice. "Take off your boots, fucker," he said. "Slaves don't wear boots. Or socks."

Heart in mouth, I obeyed. I stood barefoot on the grimy floor, my hands behind me.

"Yes, Master," I whispered.

"You've been checking up on me," he said.

Without thinking, I looked up at him, my mouth already open to defend myself. He silenced me with a sharp look.

"You've been checking up on me like a dirty, sneaky little weasel. So you know I'm back in school. It'll stay that way. I've won the only title I care about."

"Yes, Master." I'd realized my mistake in not sending him back to school. I'd had plenty of time to think about it.

"I think my boots need cleaning, dirty fucking sneak."

I was on the floor before he finished speaking.

Still barefoot, I led him to my car. The first chill of autumn was in the air, but he didn't seem cold at all in his shorts. We didn't say a word.

At my car, he held out his hand for the keys. Reluctantly, I surrendered them. He slipped into the driver's seat and started the car. I waited on the sidewalk, the cold concrete burning the soles of my feet, but he didn't unlock the door.

Opening the window, he said, as though he shouldn't have to say it, "Slaves go naked."

"Yes, Sir," I said, my voice thick. Even as I remembered hoping that none of my Masters would make me do this, I found myself thanking Keith for doing it.

I fumbled with the buttons of my jeans. Slipping out of them, I handed my wallet through the window. My shirt and boxers fell to the pavement on top of the denims.

He unlocked the door. Naked, I took my place beside my Master.

Grinning like a teenager on a joy ride, he gunned the Lexus through the city streets. Instead of heading south to my house in Edina or east to his apartment in Saint Paul, he bore north and got on 35W. As the streetlights dwindled behind us, Keith freed his big tool from his cutoffs.

"You've got a lot of catching up to do before your mouth matches my daddyslave's," he told me. "Start now. You've got a couple of hours before we get to the cabin."

## HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

**Box Numbers:** \$5.00 buys you a *Drummer* mail box for the life of the ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

**Phone numbers:** You can put your phone number in your ad for immediate response. WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS. Here's how to put your number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (10:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

**What else?** Put anything you want in your ad, *except* references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad at least 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

## HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them *or else*. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put the proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P. O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service can not return undelivered mail without your return address. Keep in mind that people do move, and their needs and desires do change.

## JOIN THE LEATHER FRATERNITY

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits. \* Leather Fraternity applies to "personal ads" only, no advertising or promotion for business or financial gain.

Add it up: A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).

In this and future issues of *Drummer* Magazine, our classified ads will be combined with our new 800 and 900 phonelines.

When you place an ad in *Drummer*, in addition to our mail box forwarding, you may call us at 415-252-1195 and receive a voice mail passcode. You can then leave your ad or any message you like on our phoneline. Tough guys from around the nation can contact you.

All current boxholders and Leather Fraternity members may call us to receive a voice mailbox number and passcode for their current *Drummer* ad. Your voice box will be active in the next published issue of *Drummer* Magazine.

Look for the ( symbol at the end of each ad to see if you can call. The ☒ symbol means that you may also write. No symbol after the ad means that this classified is not yet on-line with our phone service but you may contact them in the usual manner.

# ELECTRICAL NOW IN STOCK!

**Caution:** the basic rule in electrical play is the two leads must be arranged so there is no current running through the chest cavity. Simplified: **NO CONTACTS ABOVE THE WAIST!**

## P.E.S. Electro Stimulation Box—THE ORIGINAL INOVATOR

Our unit offers several improvements over any previous; stronger and more pleasant frequencies, can be used with up to four attachments (2 or 4 attachments on one person or 2 attachments each on two people), instant kill switches for each channel, provides a potential for interesting variations in delivery of the current. L.E.D. indicator lights so you can see the pulse of the unit. Includes AC adaptor or can be used with 9 Volt alkaline battery. Two intensity controls allow you to fine tune the sensations. Separate frequency and pulse rate controls offer the maximum range of stimulation variations. Also includes 2 sets of leads for attachments listed below. Absolute pleasure!!!! —**M401 P.E.S. BOX W/AC ADAPTOR AND TWO SETS OF LEADS \$299.95**

## Aquasonic 100

Ultra Sound Transmission Gel. Water soluble, non greasy and will not irritate tissue. Safe for external or anal application. Solution will add to electrical signal strength, ideal for use with cockrings, or whatever. 8 fl oz. —**M503 AQUASONIC \$7.95**

## Electric Butt Plug

The charge of a lifetime. An ACRYLIC butt plug with two electrodes that stimulate the anal sphincters. When used with the P.E.S. Box that has an adjustable pulse rate, this butt plug can become an actual *fucking machine* sliding in and out of the ass by itself (with proper setting on power source). Available in three sizes. Expensive but worth it.

**M554 6" x 1 3/4" BUTTPLUG (LARGE) \$169.95**

**M555 6" x 1 1/2" BUTTPLUG (MED) \$169.95**

**M556 5" x 1 1/2" BUTTPLUG (SMALL) \$169.95**

## ElectroPlate

This is a concave oval of LEXAN with two electrode strips. Designed to stimulate the lips of the vagina, it also works well anywhere on the male body. Try it on the scrotum, inside of the thigh, on the bottom of the foot...—**M558 ELECTRO PLATE \$59.95**

## Sparkler—Cock Head Stimulator

This is a short length of conductive rubber that, when used anally, for urethral insertion, or looped through the acrylic platform, becomes a mystical cock-head stimulator in conjunction with a single cockring at the base of the cock (approximately 6" long by 1/8" diameter). Originally designed for anal insertion. If used with single electrode cockring, the current will pass from the front on the body through the prostrate into the ass. Can be used in any moist opening below the waist including the urethra, but if used for urethral insertion must be a one person toy. Caution this one delivers quite a jolt.

—**M557 SPARKLER \$49.95**

## Cockrings

Lexan cockrings are available in four inside diameters: 1 1/4", 1 1/2", 1 3/4" and 2". Each size is available with a single electrode and conductive material running the full circle, or with two electrodes and separate areas of conductive material on each half of the circle.

**M561 SINGLE ELECTRODE COCKRING \$49.95**

**M562 DOUBLE ELECTRODE COCKRING \$49.95**

**M563 SET OF TWO COCKRINGS (M561/M562) \$79.95**

Please specify size(s) when ordering.

### ▲ GAME LAD

Newcomer lash brings a muscular bod, a handsome face, and a ready rod. His Master Cougar Cash uses him unsparingly, while withholding permission for the slave to shoot his load. Lash is put through more than half a dozen securely bound ordeals. He even endures the cravat, a cruel punishment of rigid iron, suffered in heavy chains, sitting on cold concrete, shivering with cold. Master Cougar clearly enjoyed training Lash his way. A one hour color video from Tom "Ropes" McGurk.

## PURGATORY WEEKEND

Devon Jeffries is a newcomer who, as instructed, rides his motorcycle shirtless through the streets of San Francisco. On arrival his Master, Cougar Cash, removes the chain he had locked on the lad's neck the past week. Cougar then takes

his trembling lad, who is still sore from last week, down to the cells. What follows is non-stop bondage as Devon struggles to serve his Master. Eventually the slave must endure very tight long-term bondage positions. Full length video color feature.

## SPRING BREAK ▶

Newcomer Christopher Valens is as sensual as he is beautiful. He had the good fortune to run into Cougar Cash, a man who knows how to handle nervous first-timers. Ripping the lad's clothes off and tightly binding him for service and submission, Cougar demands and receives everything this slave boy can deliver. This is a very erotic, nonstop bondage and domination feast. Full length video color feature.

## ◀ TRAIN UP A PIRATE

Christopher Valens' wake-up call comes early, when his Master David releases him from a locked closet in which he, naked and shackled, spent the night. A quick shower and a furtive stiffness are all that's allowed before the slave is put to use. What follows is half a dozen positions of tight rope bondage. Between positions the slave is kept gagged, chained, and caged. Christopher is not only beautiful but passionately turned on to his slavery. A one hour color video.

TO ORDER: Each tape is \$54.95, shipping is free. Check, money order, VISA/MC/MCART. California residents add 8.5% sales tax. All models are over 18 years, proof on file. Check off box each video title, plus one for the catalog, which is \$5.00 or free with purchase.
